

Individual disability insurance — Series 700

Product description and underwriting guide

Individual disability insurance (IDI)

Quoting and sharing customer proposals is easy with the IDI illustration system from Principal®.

Key features of our system (for new business cases) include:

- Pre-filled applications and forms.
- The ability to transfer client information to our eApp system.
- Enhanced reports and marketing materials.
- Easier access to underwriting incentives, such as the Business Owner Allowance.

A few things to keep in mind:

- The new business and existing policy illustration systems provide premium quotes based on the information entered and programmed into the system.
- If the state of residence is different from the state the application is written, both need to be indicated in the illustration system.
 - **State of residence** determines premium rates and underwriting guidelines.
 - **State written** determines the application, policy form and available riders.
- The illustration system will display all mode payments available to the client.
- Illustrations do not necessarily reflect all underwriting guidelines, and it should not be considered an expert underwriting system.

Digital capabilities

- **Online application Part B.** Allows clients to complete when and where it's convenient for them. There's no waiting—once requested, clients get access to Part B with no delays. (Not available in all states.)
- **eApp.** Complete and submit new business and Benefit Update applications electronically.
- **ePolicy.** Receive clients' policies electronically, so you can save time and print it locally.¹

Plus, there are several online reports at advisors.principal.com to help you easily manage your IDI business.

¹ Applies to individual Disability Income (HH750). Delivery requirements are emailed directly to the field office contact.

The product descriptions in this underwriting guide highlight some of the provisions and optional riders of individual disability Insurance policies and programs from Principal®. Policy provisions may vary in certain respects from the descriptions herein because of state laws and regulations. Please make sure that you are familiar with the policy provisions as they apply in your state since all rights and obligations will be governed by the actual policy language.

State-specific sample policies are available.

Disability Income (HH750)

The objective of individual Disability Income (DI) insurance is to replace a portion of earned income lost due to a disability. Our policy provides monthly benefits to help pay for personal living expenses incurred during disability, such as mortgage or rent payments, car payments, utilities and food. Not all benefits, features and riders are available in all states or to all occupation classes.

Target market

While everyone in the working population needs income protection, the following types of individuals are **ideal** for a policy from Principal:

- Ages 30 to 55.
- Occupations with little to no manual duties.
- Earn at least \$40,000/year.
- Meet our underwriting guidelines for health, occupation and finances.

Occupation classes

- Occupation classes: 6A, 6A-M, 5A, 5A-M, 4A, 4A-M, 3A, 3A-M, 2A, 2A-M, A and A-M.
- Premiums, benefits, policy forms and the availability of riders vary by occupation class. The premium class may be standard or an extra percentage of standard.
- The “M” subcategory (example 6A-M, 5A-M, 4A-M) is being used to cap the maximum issue and participation limit and may have additional requirements for optional riders.

¹ The 6A occupation class is for Individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of states approvals visit principal.com/distateapprovals.

Premium rates

- Premiums are dependent on many factors: age, gender, occupation class, state of residence, tobacco status, benefit period, elimination period, optional riders, etc.
- Premiums are calculated using the illustration system.
- Minimum annual premium is \$200 (pre-discounted) and must earn at least \$15,000 annually.

- Both gender-specific and gender-neutral rates available except in **the written states of Massachusetts and Montana where only gender-neutral rates apply.**

Single-life	Gender-specific
Multi-life for health care-related occupations ¹ (-M occupation classes)	Gender-specific
Multi-life for all other occupation classes	Gender-neutral
Guaranteed Standard Issue ²	Gender-neutral

¹ This includes physicians, dentists, veterinarians, optometrists, and all other health care-related occupations listed as -M or medical-related in the occupation class schedule. See page 13-2 for details. This includes dental and medical residents/fellows/interns/students from the same institution. Use the multi-life resident discount. See page 8-4 for details.

² GSI Resident fall-back is gender-specific.

Eligible discounts

Discounts are not available in all states, are not all stackable with each other and in some cases may require pre-approval. Certain guidelines and restrictions may apply.⁴

- 10% Select Occupation.
- 10% Association.
- 10% Affiliation.⁵
- 20% multi-life (employer).
- Up to 10% Mental/Nervous & Substance Abuse (MNSA).

⁴ See page 1-15 (MNSA), page 8-4 (Multi-life), page 10-2 (Affiliation), page 11-2 (Association), page 12-5 (Select Occupation).

⁵ Not approved in all states. Visit principal.com/distateapprovals for details.

Issue ages

- Available issues ages:
 - 18-60 for Single-Life cases.
 - 18-50 for Simplified DI cases.
 - 18-64 for multi-life cases (including Simplified).
 - 65-70 for multi-life cases (certain guidelines apply).
- Issue age has a direct impact on the premium paid for coverage. The older the client, the higher the premium.
- Use age as of last birthday when quoting.
- Backdating to save age is allowed for a maximum of 30 days prior to the application date.

Proposed insured over age 60 (multi-life)

We will consider Disability Income insurance coverage for a proposed insured over age 60 subject to advance approval and assuming the Conditionally Renewable Policy rider is approved.

Some of the criteria that will be used to determine eligibility for coverage includes:

- Applying for individual DI only.
- Being part of a multi-life case (minimum of three insurable employees with a common employer).
- Being substantially standard medically (standard premium to low rating, one or less medical exclusion riders).

 **Note:** Consult with your DI underwriter prior to running an illustration or submitting an application on a person over age 60.

Benefit periods

The benefit period (BP) is the length of time the insured will receive benefits after satisfying the elimination period.

Issue age: **Benefit period(s):**

18-64	2 years ¹ , 5 years, to age 65, to age 67 and to age 70
65-70	2 years

¹ Not available in California.

 **Note:** For policies issued between ages 65-70, the maximum benefit period available is 2 years.

 **Tip:** The longer the benefit period, the higher the premium.

Benefit period charts

- A 2-year benefit period pays for 24 months regardless of the client’s age at disability.
- If you select a benefit period of 5 years, to age 65, to age 67 or to age 70, the length of time the maximum monthly benefit amount will be paid could be different based on the client’s **age at the time of disability**.

The following charts show how long the benefit will be paid.

 **Note:** Availability of options for elimination periods, benefit periods and Your Occupation periods varies by sales program, such as DI Retirement Security and Core Value Income Protection.

Elimination periods

- The elimination period (commonly referred to as a “waiting period”) is the number of days the insured must wait before benefits begin to accrue.
- Benefits are paid one month after satisfying a policy’s elimination period.
- The following elimination periods are available: 30, 60, 90, 180 and 365 days (365 is not available with 2-year benefit period).

 **Note:** 30-day elimination period is not available for California residents or on any policy written in California.

 **Tip:** The shorter the elimination period, the higher the premium.

Your Occupation periods

- Your occupation Period is the period of time insureds are protected in their “Your Occupation” (the profession(s) or occupation(s) insureds were actively working in at the start of their disability).
- Your occupation Periods are available for the following:

All occupation classes	<ul style="list-style-type: none"> • 2 year (built into base policy) • 5 year
3A/3A-M and above	<ul style="list-style-type: none"> • To age 65 • To age 67 • To age 70

Your occupation Period availability is as follows:

If base BP is:	Then available your occupation benefit periods are:
2 year	2 year
5 year	2 year or 5 year
To age 65	2 Year, 5 year or to age 65
To age 67	2 Year, 5 year or to age 67
To age 70	2 Year, 5 year or to age 70

 **Tip:** The longer the your occupation Period, the higher the premium. When possible match the your occupation Period with the benefit period.

¹ If this policy is renewed as described in the Conditionally Renewable Policy rider, the maximum benefit period and your occupation Period are two years.

Policy description

This policy description is a general summary. All features, provisions and riders may not be available in all states and may be subject to state variations.

Refer to your state policy and rider forms for the full definition of all policy provisions, benefits, limitations and exclusions.

Renewability

- **Before age 65.** The policy is non-cancelable and guaranteed renewable to age 65¹. This means we can't change or cancel the policy (except for nonpayment of premiums). The premium rate is guaranteed to age 65 or 5 years from the policy date, whichever is later, regardless of changes in the insured's income, occupation, or health.
- **After age 65.** The policy is conditionally renewable annually for life if the insured is working full- or part-time (subject to rates then in effect based on the insured's attained age).

¹ On a policy with a to age 67 or to age 70 maximum benefit period, the policy will terminate on the age 65 policy anniversary, unless the insured is disabled under the terms of the policy.

Definition of total disability

Solely due to injury or sickness:

- **During your occupation Period.** You are unable to perform the substantial and material duties of Your Occupation; **and** you are not working.
- **After your occupation Period.** You are unable to work in any occupation you are reasonably suited to by your education, training and experience.
- **Both during and after your occupation Period.** You must satisfy the requirements of the claim information section of the policy.
- **If you are Retired.** You are unable to perform any of the normal activities of a retired person in good health and of like age and you satisfy the requirements of the claim information section of the policy.
- **If you are unemployed.** You are prevented from obtaining a job that you are reasonably suited to by your education, training and experience and you satisfy the requirements of the claim information section of the policy.

State variation—CA, FL, LA, NJ, NY, SC, TN, UT, VA, VT.

Definition of Your Occupation

The profession(s) or occupation(s), not a specific job(s) or a job with a certain employer(s), you were actively working in (and not Retired or Unemployed from) at the start of your disability.

State variation—CA, MD, NJ.

Part-time workers

Coverage available to individuals working at least 20 hours a week.

Working part-time allows these individuals to keep their education and experience current in their professions, while providing the flexibility to take care of personal needs.

 - Income earned by others under your supervision or direction; **less**
- Your share (based on ownership or contractual agreement) of the usual and customary unreimbursed business expenses of those entities which are:
 - Incurred on a regular basis.
 - Essential to the established business operation of the entity.
 - Deductible for federal income tax purposes.
 - Less than or equal to expenses before disability began.
- Such expenses do not include:
 - Salaries, benefits and other forms of compensation which are payable to you.
 - Benefits and other forms of compensation which are payable to any person related by blood or marriage to you unless such person was a full- or part-time employee of such business working for at least 60 days prior to the start of your period of disability; **plus**
- Any contributions to a pension or profit sharing plan made on your behalf by all such business entities and not waived by contract during disability.

Earnings do not include any form of unearned income such as dividends, rents, interest, capital gains, income received from any form of deferred compensation, retirement, pension plan, income from royalties or disability benefits.

Disability benefit

We will pay benefits for your continuous disability that begins on or after the policy date and while the policy is in-force. Benefits start to accrue at the end of the elimination period. Benefits will continue during your continuous disability, but not beyond the maximum benefit period.

Social insurance substitute (SIS) benefit

- Must be contributing to social security in order to eligible for this rider.
- To receive benefits, must meet all the requirements of this section and of the additional proof of loss for social insurance substitute benefit section, and benefits must be payable under the disability benefit section.
- This section's maximum monthly benefit is:
 - As shown on the data page when no social security, workers compensation or railroad retirement benefits are paid.
 - One-third of this section's maximum monthly benefit if the only social insurance paid for your disability is any one of the primary insurance amount under social security, workers' compensation or railroad retirement.
 - No benefits are paid for any period:
 - › During which two or more of the social insurances are paid.
 - › After your age 65 policy anniversary, unless your maximum benefit period is longer and you are receiving benefits under the disability benefit section.
 - › After you are eligible to receive full retirement benefits from social security or railroad retirement.
 - › For which you receive retirement benefits from social security or railroad retirement.
 - › Benefits start to accrue at the later of this section's elimination period, or when the social insurance paid for your disability reduces to only one of either the primary insurance amount from social security, workers compensation, or railroad retirement.

State variation—CA, ID, NJ, NY, VA.

Adjustment options

- Provides flexibility to a policy owner to update a policy. Some adjustments require evidence of insurability.
- Changes may be made to the:
 - Elimination period, benefit amount, Your Occupation period, benefit period, occupation class and riders based on our then current underwriting guidelines.
 - Policy and rider availability are also considered based on our then current underwriting guidelines applied to the underwriting of adjustments.
 - Based on current underwriting guidelines, some adjustments may result in a second policy.

Exclusions and limitations

- The policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed by, or which results from:
 - Intentional, self-inflicted injury; **or**
 - Your commission of or your attempt to commit a criminal act, or your involvement in an illegal occupation or activity; **or**
 - The suspension, revocation or surrender of your professional or occupational license or certification; **or**
 - Active military service during a military action or conflict; **or**
 - Loss we have excluded by name or specific description in any attached rider or endorsement.
- No benefits are payable for any period of your continuous disability in which you are incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.
- A sickness resulting from pregnancy will be covered if the elimination period is equal to or greater than 90 days.
- Benefits will be limited to 12 months during your continuous disability unless you reside in the United States or Canada for at least six consecutive months in each calendar year.

There may be other exclusions or limitations in the policy in addition to those stated in this guide. Any additional exclusions or limitations (if any) will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.

State variation—CA, CT, DC, GA, IA, ID, IL, KS, LA, MA, MD, MN, MO, MT, NE, NJ, OK, PA, SC, TX, UT, VA, VT, WA, WI.

Built-in policy features

Death Benefit

- Pays a lump-sum benefit of three times the Disability Benefit and SIS Benefit if the insured dies after satisfying the elimination period while benefits are being paid.
- Payable in addition to any other policy benefit; may be restricted in some states.

State variation—CA, FL, GA, KS, LA, MD, MN, NY, SC.

Not available—IL, NJ.

Continued on the next page.

Interrupted elimination period

- Allows the combination of separate periods of disability to satisfy the elimination period.
- These periods of disability must occur within a period of time that is up to twice as long as the elimination period but less than one year.
- The disabilities can be from the same or different causes.

Military suspension

- Suspends the policy if the insured enters the military service on a full-time basis.
- No premium is due during the service and no policy benefits are provided during that time.
- The policy may be restored if active duty ends within five years of the suspension; policy restored is the same as before the suspension.
- The owner must request this within 180 days of the end of service.
- Only a disability from a sickness which first manifests itself or an injury which occurs after the policy is restored is covered.

State variation—MD, MT, NJ, NY, PA, TN, UT, VA.

Pre-existing condition limitation

- We will not pay any claim for a disability or loss which:
 - Begins within two years after the effective date of coverage(s); **and**
 - Results from a pre-existing condition which was not disclosed or was misrepresented in the policy's application.
- Pre-existing condition means a condition:
 - For which medical treatment, testing or medication was recommended by a doctor or received from a doctor within the two year period prior to the effective date of coverage(s); **or**
 - Which has caused symptoms within the two year period prior to the effective date of coverage(s) which would cause an ordinarily prudent person to seek diagnosis, care or treatment.

State variation—CA, DC, ID, IL, MT, NJ, NM, NY, NC, ND, PA, SC, SD, VA.

Recurring disability benefit

Means a continuation of a prior disability when:

- The disability results from the same or a related cause as a prior period of disability for which we paid benefits or provided the waiver of premium benefit; **unless**

- After the prior disability ends you return to work at least 40 hours per week in any occupation for at least six consecutive months.

A recurring disability is a continuation of the prior disability. No new elimination period is required. Benefits will be payable for the remainder of the maximum benefit period, if any.

State variation—UT, VA.

Rehabilitation benefit

- Provides additional benefits if the insured takes part in a rehabilitation program which is mutually agreed upon in writing while disabled.
- There is no specific dollar limit on the benefits which may be paid.

State variation—CA, CT, MD.

Reinstatement

- Allows the policy to be reinstated any time within one year after termination, subject to our then current underwriting guidelines. A formal reinstatement application may be required.
- A reinstated policy is subject to any provisions or changes attached to the reinstated policy.
- A reinstated policy covers:

- Disabilities from a sickness that first manifests itself more than 10 days after reinstatement date.
- An injury occurring after the reinstatement date.

State variation—CA, LA, MD, MN, MT, NJ, NM, NY, PA, SC, TN, UT, VA, WI.

Transplant surgery benefit

Pays benefits under the disability benefit section and the social insurance substitute benefit section of the policy (subject to those sections' terms and conditions) if a disability results from surgery involving a transplant of a part of the insured's body to another person.

Waiver of premium benefit

- Waives premiums during a disability, when the insured is disabled, after the lesser of 90 days or the elimination period, we will:
 - Refund the monthly pro-rata portion of any premium paid for coverage after the date a continuous disability began; **and**
 - Waive the payment of premiums which come due during the continuous disability.
- Premium payments will begin on the next premium due date after the insured is no longer receiving benefits under this policy or the disability ends.

State variation—CA.

Benefit riders

 **Note:** Not all riders are available in all states and may be subject to state variations.

Benefit Update (BU) rider

- No cost rider.
- Allows insured to purchase increased policy benefits every three years without evidence of medical insurability.
- Available for standard premium policies if at least 75% of eligible coverage is purchased at issue.
- Occupation classes: All.
- Issue ages: 18-55.
- If issued after age 52, only one increase may be offered. BU will be removed if insured is not eligible for increase.
- Client maintains one policy and all definitions, provisions, current rates (at the attained age) and discounts of the original policy apply.
- Advance option is also available, once every three years, in the event the insured (not available on or after age 52):
 - Loses group long-term disability insurance because of a change in employment, or the insured's employer discontinues or reduces group long-term disability insurance and does not plan to offer such insurance in the next 36 months.
 - Has at least a 50% increase in earnings (20% in approved states¹) since their last adjustment. The increase in income must be permanent and sustainable. A sudden, unsustainable increase in income that is the result of a one-time bonus, commission or extraordinary financial event will not be considered as the basis to exercise an advance option.
 - The application is to be provided to Principal home office no longer than 90 days after any of the advance option qualifiers happen.
- At three year intervals beginning with the policy date, Principal sends the policy owner correspondence regarding the opportunity for a BU review.²
- Financial documentation is only required if the insured's income has increased more than 10% or other in-force disability coverage has changed since the last BU review.

¹ For a list of state approvals, visit principal.com/distateapprovals.

² Regularly scheduled BU is not available if the advanced option is taken within twelve months prior to the regular option.

- Benefit increases will be capped at our Issue Limit, up to a maximum of \$20,000/month, based on age and occupation class. In order to receive benefits over \$20,000/month, full underwriting will be required.
- At each BU option, the client must accept a minimum of 50% of the additional DI benefit offered or the rider will be removed from the policy.
- The Benefit Update rider is available in conjunction with the Future Benefit Increase rider.

 **Note:** Any increase completed under this rider is an adjustment to the policy. Premiums will be affected. See page 14-2 for details.

Catastrophic Disability Benefit (CDB)¹ rider

- Cost rider.
- Occupation classes: All.
- Provides benefits if the insured is catastrophically disabled.
- Definition: Insured cannot perform two or more activities of daily living (ADL) listed below; **or** is Cognitively Impaired; **or** is Presumptively Disabled.
 - **Bathing.** The ability to wash in the tub, shower or by sponge bath, with or without adaptive devices.
 - **Continence.** The ability to voluntarily control bowel and bladder function, or in the event of incontinence, the ability to maintain a reasonable level of personal hygiene (including caring for catheter or colostomy bag).
 - **Dressing.** The ability to put on and take off clothing and any medically necessary braces or artificial limbs.
 - **Eating/feeding.** The ability to feed oneself by mouth, feeding tube or intravenously.
 - **Toileting.** The ability to get to and from and on and off the toilet and to maintain a reasonable level of personal hygiene.
 - **Transferring.** The ability to move in and out of a chair, bed or wheelchair with or without assistive devices such as canes, walkers, crutches, grab bars or mechanical or motorized devices.

The benefit period for the CDB rider must be equal to or less than the base benefit period.

If base BP is:	Then available CDB benefit periods are:
2 year	2 year
5 year	2 year or 5 year
To age 65	2 year, 5 year or to age 65
To age 67	2 Year, 5 year or to age 67
To age 70	2 Year, 5 year or to age 70

The elimination period for the CDB rider must be equal to or greater than the Base elimination period. The available elimination periods are 90 days, 180 days or 365 days.

¹ Catastrophic Impairment Benefit (CIB) rider is issued in the written state of New Hampshire.

The CDB monthly amount:

- Has a maximum issue and participation limit of \$8,000/month and a minimum issue limit of \$500/month.
- Cannot exceed five times (5x) the sum of the base benefit amount plus social insurance substitute (SIS) of all Principal coverage.
- Added to the base benefit amount plus SIS plus other coverage in-force, cannot exceed 100% of earned income.
- When working with taxable benefits, divide the earned Income by 0.75 to account for taxation except if the existing coverage includes taxable group LTD.
- In-force policies containing the CDB rider require a minimum increase to the CDB monthly benefit amount of \$1,000 on adjustments.

 **Note:** CDB on California and New Jersey policies cannot exceed the sum of the base benefit amount plus SIS.

CDB and Benefit Update (BU):

- If the policy contains the CDB rider and the insured is eligible for at least a \$1,000/month CDB increase, we will offer the CDB increase as part of the BU option (up to a maximum of \$2,000/month CDB increase on any one BU option exercise).
- The insured is not obligated to accept a minimum of 50% of the additional CDB benefit to maintain the BU rider on the policy.

Conditionally Renewable Policy rider

- Issue ages: 65-70.
- Changes the policy from Non-Cancelable and Guaranteed Renewable to Conditionally Renewable.
- During the conditionally renewable period, Principal cannot change or cancel the insured's policy except for nonpayment of premiums. The insured may conditionally renew the policy annually for the rest of their life, as long as they are working full-time and meet the requirements.
- Issued with a 2 year Benefit and your occupation Periods.
- Elimination periods: 30¹, 60, 90, or 180 day.
- Limits riders and features available, with the exception of the Limitations of Benefits for Mental/Nervous & Substance Abuse rider.²
- All standard underwriting guidelines apply.

To renew the policy for one year, all of the following conditions must be satisfied:

- The insured is not receiving a benefit under this policy or any attached rider, **and**
- The insured must be actively working at least 30 hours each week for the 12 consecutive months preceding the renewal, **and**
- The insured is working at least 30 hours each week at the time of renewal, **and**
- The policy is in force with no premium in default, **and**
- We receive the owner's renewal request in writing by the policy anniversary for any one-year renewal, **and**
- The renewal policy premium is paid. The renewal policy premium will be based on those rates in effect for the insured's age at the time of renew.

Cost of Living Adjustment (COLA) rider

- Cost rider.
- Occupation classes: 2A/2A-M and above.
- Provides a Cost of Living Adjustment to the monthly benefit (plus the Catastrophic Disability Benefit, if attached to the policy) during a disability.
 - Each year following the start of a disability, an adjustment will be made to the monthly benefit (plus the Catastrophic Disability Benefit, if attached to the policy).
 - The benefit is increased on a compound basis based on the change in the Consumer Price Index for all Urban Consumers (CPI-U) over the past year of disability.
 - A 3% or 6% COLA maximum may be selected.
- Not available with a 2 year benefit period.
- The insured may, upon returning to work full- or part-time, keep any increased disability benefit without evidence of good health by paying the required increased premium.

State variation—GA, IA, MA, MD, NJ, NY.

Extended total disability Benefit (ETDB) rider

- Cost rider.
- Issue ages: 18-50.
- Occupation classes: 2A/2A-M and above.
- Allows the base monthly benefit to continue to be paid beyond the maximum benefit period, subject to policy provisions.
- Benefit periods: to age 65, to age 67 and to age 70.
- Does not provide benefits if the insured is retired or unemployed at the start of their continuous disability or if they are receiving benefits under the terms of the Presumptive Disability Benefit Rider.
- The insured chooses a Benefit Factor to achieve one of three different levels of coverage (i.e. maximum aggregate benefit).
- The maximum aggregate benefit amount is determined by multiplying the maximum monthly benefit (base + SIS) times a Benefit Factor (Benefit Factor choices = 50, 75 or 100).
- The Benefit Factor is selected at issue, but can be changed by an underwritten adjustment subject to our underwriting guidelines. FBI, BU and underwritten adjustments resulting in a change in the maximum monthly benefit will effectively change the maximum aggregate benefit.

Example: \$4,000 base + \$1,000 SIS = \$5,000 maximum monthly benefit.

- \$5,000 times 50 (Benefit Factor) = \$250,000 (maximum aggregate benefit).
- \$5,000 times 75 (Benefit Factor) = \$375,000 (maximum aggregate benefit).
- \$5,000 times 100 (Benefit Factor) = \$500,000 (maximum aggregate benefit).

When the insured becomes disabled between the ages of 18 and 55, and remains Continuously totally disabled through the end of the maximum benefit period, this rider pays the base benefit (no SIS benefit) at the same level being paid at the end of the maximum benefit period (including COLA increases, if any) until the maximum aggregate benefit amount has been exhausted. Monthly benefits continue to be paid beyond the maximum benefit period as long as the insured is unable to work in any occupation he/she is reasonably suited by his/her education, training and experience.

Future Benefit Increase (FBI) rider

- No cost rider.
- Issue ages: 18-55.
- Provides an automatic increase in Disability Benefit amount without evidence of insurability, on the six FBI Option Anniversaries following the option date, providing the insured is not disabled.
- Increase based on the change in the Consumer Price Index for All Urban Consumers (CPI-U); 4% minimum guaranteed increase, 10% maximum (compounded).
- Premiums for increases are based on the insured's attained age and the rates in effect at the time of the increase.
- Renewable every six years with evidence of financial insurability; it is terminated after two increase offers are declined within a renewal period.
- Available in conjunction with the Benefit Update (BU) rider on the same policy.

In addition to the automatic increase, the insured may be eligible for an additional maximum benefit increase, up to \$500 total, when combined with the CPI-U increase, subject to our current underwriting guidelines.

Prior to the insured's Option Anniversary, Principal will provide the insured with an application that must be completed and returned within 30 days of Our request to be considered for the additional increase.

Option anniversary

- For multi-life cases, an employer now has the opportunity to elect a date for future benefit increases (BU and FBI) that is different than the original policy effective date.
- Policy increases will coincide with potential salary increases.

See the FBI Maximum issue and participation Limits Table on page 1-25. The FBI rider is not available on policies exceeding the benefit amounts indicated in the table.

State variation—CA, CT, FL, MD, MA, NH, NC, NY, VA.

 - Power of speech; **or**
 - Hearing in both ears; **or**
 - Sight of both eyes; **or**
 - The use of both hands, both feet, or one hand and one foot.
- Insured is considered disabled and Principal pays benefits for total disability under the disability benefit section and social insurance substitute benefit section (subject to those sections' terms and conditions), regardless of your ability to work or earn an income if you incur a Presumptive Disability. You will be considered disabled as long as your Presumptive Disability continues.
- Insured is not required to be under the regular care of a doctor.
- No new elimination period is required and the benefit will start to accrue on the date of loss.
- Monthly benefits are paid as long as the loss continues, but no longer than the maximum benefit period.
- “Lifetime” benefit payable when the maximum benefit period is to age 65, to age 67 or to age 70 and the loss occurs prior to that.

Recovery Benefit rider

- Only available in written state of California.
- Cost rider.
- Recovery benefit period options:
 - **1-year benefit period.** 2A/2A-M and above occupations; not available when the Short-Term Residual Disability Benefit rider is selected.
 - **3-year benefit period.** 3A/3A-M and above occupations; not available when the Short-Term Residual Disability Benefit rider or a 2-year benefit period is selected.
- Requires the Residual Disability Benefit rider to also be on the policy.
- Provides a benefit, if the insured is:
 - No longer disabled; **and**
 - Not receiving benefits under the disability benefit section; **and**
 - Has a Loss of earnings equal to or greater than 20% of your prior earnings; **and**
 - Has returned to full-time work immediately after a continuous disability for which benefits were payable under the disability benefit section; **and**
 - The loss of earnings is solely due to the prior injury or sickness that caused disability; **and** the amount of benefit payable will be based on the Insured's loss of earnings divided by prior earnings. Benefits are payable for a period not to exceed the recovery benefit period, but not beyond the policy's maximum benefit period.

 **Note:** The insured is no longer eligible for Recovery Benefits if they are able to earn more than 80% of prior earnings.

- If the Cost of Living Adjustment rider is a part of the policy, the proportionate benefit is calculated on the benefit amount being paid when the insured recovered from the disability. There are no additional COLA increases under this rider.
- Premiums will continue to be waived under the waiver of premium benefit while benefits are paid under this rider.

State variation—CA.

Regular Occupation rider

- Cost rider.
- Designed for those professionals and select executives who wish to insure their ability to work in their highly specialized Regular Occupations.
- Available for 6A¹/6A-M, 5A/5A-M, 4A/4A-M and 3A-M occupation classes.
- Your Occupation/benefit periods: to age 65, to age 67 or to age 70.
- Not available:
 - In VT for 5A-M, 4A-M, and 3A-M occupation classes.
 - In CA for 4A, 4A-M, and 3A-M occupation classes.
 - If the Transitional Occupation rider is on the policy.

When attached to the policy, total disability means during the your occupation Period, solely due to injury or sickness:

- You are unable to perform the substantial and material duties of your occupation and are not working in Your Occupation; **and**
- You are working in another occupation; **and**
- You satisfy the requirement of the claim information section of the policy.

Benefits payable for total disability is the maximum monthly benefit from the disability benefit section and the social insurance substitute benefit section, if included, to the end of the maximum benefit period. However, no social insurance substitute benefit will be payable for any period you are eligible to receive full retirement benefits from social security or railroad retirement.

¹ The 6A occupation class is for individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of state approvals visit principal.com/distateapprovals.

State variation—CA, IA, LA, MA, MD, NJ, NY, OR, SC, VA.

Residual Disability and Recovery Benefit rider

- Cost rider.
- Occupation classes: 2A/2A-M and above.

Residual Disability means:

- You are not totally disabled; **and**
- Solely due to injury or sickness you have a loss of Earnings equal to or greater than 20% of your prior earnings **and**:
 - You are able to perform some, but not all, of the substantial and material duties of your occupation or you are unable to work full-time in Your Occupation; **or**
 - You are working in another occupation; **and**
- You satisfy the requirements of the claim information section of the policy.

For Residual Disability, we will pay a percentage of the maximum monthly benefit under the disability benefit section and social insurance substitute benefit section (subject to those sections' terms and conditions). The amount we will pay is equal to the loss of earnings divided by the prior earnings.

- Income earned can be determined by either the cash or accrual accounting method.
- The same method must be used throughout the disability.
- 100% of the maximum monthly benefit is paid if the percentage of earnings lost exceeds 75%.
- A minimum of 50% of the maximum monthly benefit will be paid for the first six months of a Residual Disability.
- If the insured is retired or unemployed, 50% of the maximum monthly benefit will be paid for a residual disability.

We will provide a Recovery Benefit if:

- You are no longer disabled; **and**
- You are not receiving benefits under the disability benefit section of the policy; **and**
- You return to full-time work immediately after a continuous disability for which benefits were payable under the disability benefit section; **and**
- You have a Recovery loss of earnings equal to or greater than 20% of Your Recovery prior earnings; **and**

- It can be validated that your recovery loss of earnings is directly and solely due to the prior injury or sickness that caused disability; **and**
- You satisfy the requirements of the claim information section of the policy. If the insured were retired or unemployed prior to disability, no Recovery Benefits will be payable.

If Residual Disability Benefits were payable just prior to eligibility to the Recovery Benefit, then the same accounting method used to calculate the Residual Disability Benefit will be used to calculate the Recovery Benefit.

If the Cost of Living Adjustment rider is part of the policy, then the Recovery Benefit will be calculated based on the Adjusted maximum monthly benefit being paid when the insured recovered from disability.

- There will be no additional increases under the Cost of Living Adjustment Rider while Recovery Benefits are payable under this rider.
- There will be no indexing of recovery prior earnings while Recovery Benefits are payable under this rider.
- The Waiver of Premium benefit in the policy will be provided while Recovery Benefits are payable under this rider.
- Recovery Benefits end when the insured no longer has a recovery loss of earnings greater than 20% for any two consecutive months.
- Recovery Benefits may not be paid beyond the policy maximum benefit period.
- The Residual Disability and Recovery Benefit rider is not available when the Short-Term Residual Disability Benefit rider is selected.

Underwriting guidelines

To be eligible for Disability Income insurance, earned income must be at least \$15,000/year as reported on U.S. Federal tax return.

- The amount of benefit issued is most often based on the client’s actual annual earned income as reported on the U.S. federal tax return.
- Earned income is dependent upon the client’s ability to work and is received for services performed by the client in his or her occupation.
- Earned income is critical in determining the amount of disability benefit the client is eligible for.

Guidelines for determining earned income

Earned income type

Examples/ documentation required

Business Owner Allowance

- Available if the client is at least a 20% active working owner.
- Allowance can be used to increase earned income by 20%; increasing the DI benefit up to an extra \$2,000/month.
- Does not apply to key person Replacement, Core Value Income Protection, or DI Retirement Security.

A client earns \$120,000/year, which qualifies for \$5,980/month of DI. The allowance increases the income to \$144,000 and the DI benefit to \$6,900/month

 **Note:** Financials must show required expenses.

Corporate owner/employee

For clients with an ownership interest in a corporation (S- or C corporation) and working as a full- or part-time employee of that corporation, earned income is salary, wages, regular overtime, bonus and commissions (less expenses) and their proportionate share of business earnings.

A 50% owner/employee of XYZ corporation receives a salary of \$50,000. The corporation earns \$30,000. The client is eligible for Disability Income benefits based on \$50,000 salary plus 1/2 of \$30,000, for a total of \$65,000.

 **Note:** An owner/employee of a corporation can also consider as earned income **up to 25% of salary, but not more than \$57,000 for contributions made to a pension or profit sharing plan.** However, if the pension and/or profit sharing contribution continues when the owner/employee is disabled, the contribution is not included in earned income. Verification of the contribution is required.

Summary of income documentation

Income documentation^{1,2} is required:

- For any application not using Part B phone or online.
- If benefit amount applied for is over \$6,000/month **or**:
 - If over age 50 for all benefit amounts applied for (Single-Life cases).
 - If over age 64 for all benefit amounts applied for (multi-life cases).
- If benefit amount applied for and other coverage in force or pending (excluding LTD) exceeds 10,000/month.
- In California for all single-life cases (regardless of the benefit amount applied).
- The following occupations (regardless of the amount being applied): real estate agent/broker, mortgage loan originator/broker, residential construction, and real estate developer will require two years of financials.

Form Descriptions

- Form 1040—individual income tax return.
 - Schedule C—profit or loss from business.
 - Schedule E—supplemental income and loss.
- Form 1120—U.S. corporation income tax return.
- Form 1120S—U.S. income tax return for an S corporation.
- Form W-2—wage and tax statement.

Note for DI Retirement Security (DIRS).

- No financial documentation is needed (except in California).
- Only Part A of the application, DIRS Supplement, and the trust agreement are needed.
- If applying for DI along with DIRS, the amount of DIRS benefit should be added to the DI benefit for a total monthly benefit that is used to determine when financials are required.

¹ Income documentation could include: 1040-pages 1 and 2; W-2 if spouse is employed outside the home; Schedule C (or F if client is a farmer) or Schedule E if filed with the return.

² In California (resident state), there are no labs required for Simplified Single-Life cases up to \$6,000/month, but an APS and financial documentation are required. And for Simplified DI multi-life, when all three applications are not submitted together, we'll require APSs and financials on the first two applications, but not for any additional applications on that case.

Earned income type: Examples/ documentation required:

C corporation

A separate and distinct legal entity with perpetual existence. It is a separate entity for legal and tax purposes, and shareholders of a corporation have limited liability:

- 1040—pages 1 & 2.
- W-2 form if spouse is employed outside the home.
- 1120—C corporation return, pages 1 & 2

Notes:

- For corporations showing a net loss, we may reduce earned income by the loss.
- C corporation owners with less than 20% ownership or applying for \$6,000 or less monthly benefit are not required to provide a copy of the 1120 C corporation return.

Non-Owner Employee

Earned income includes salary, wages, regular overtime, bonus and commissions (less expenses). Employer contributions to 401(k) or 403(b) qualified retirement plans can be included as earned income up to the IRS maximum/year.

Submit the following Federal Tax forms:

- 1040—pages 1 & 2.
- W-2 form for income verification (versus full tax return) if the employee's income is less than \$250,000/year.
- Schedule E if filed with the return.

S corporation

A separate and distinct legal entity with perpetual existence. All profits and losses of the business are divided and distributed to the individual shareholders and are reportable on the shareholders' individual tax returns.

- 1040—pages 1 & 2.
- W-2 form if spouse is employed outside the home.
- Schedule E.
- 1120S—S corporation return, page 1, if including contributions to pension or profit sharing plans as earned income.

 **Note:** For corporations showing a net loss, we will reduce earned income by the loss.

Entity type	Income source	Tax forms
(Non-owner) employee (Employer pay limits allowed if applicable)	Salary/bonus	Form 1040, line 7 (wages) and form W-2
	Pension/profit sharing	Pre-tax 401(k), 457, 403(b), or similar plans contributions box 13 on W-2

	Ordinary income (loss) from partnership/ LLC	Form 1040, schedule E, part II non-passive income and loss
	Pension/profit sharing	Not applicable, as retirement contribution not deductible for partner or LLC member on tax return
Owner of an S corporation (Employer pay limits allowed only if 2% or less ownership share)	Salary/bonus (if wages paid)	Form 1040, line 7 (wages) and form W-2
	Ordinary income (loss) from S corporation	Form 1040, schedule E, part II non-passive income and loss
	Pension/profit sharing	Form 1120S, line 17, (pension, profit sharing) (CAUTION: This reflects contributions for all employees; must determine owner's share). Also, any before-tax 401(k) contribution could be verified on W-2, box 13 ("D").

Entity type	Income source	Tax forms
Owner of a C corporation (Employer pay limits allowed if applicable)	Salary	Form 1040, line 1 (wages) and form W-2
	Bonus	Form 1040, line 1 (Wages) and form W-2
	Income (loss) from corporation	Form 1120, line 30 (Taxable income before net operating loss deduction) (CAUTION: Must determine owner's share for multiple owner situations.) Example: percent ownership multiplied by line 30.
	Pension/profit sharing	Form 1120, line 23, (pension, profit sharing) (CAUTION: This reflects contributions for all employees; must determine owner's share.) Also, any before-tax 401(k) contribution must be verified on W-2, box 12 ("D"). Not required for less than 20% ownership or applying for benefits of \$6,000 or less.

Earnings Patterns

It is important to demonstrate the earnings pattern of the proposed insured (e.g., on the application part A).

If the income pattern:

- **Decreases** from one year to the next, base the benefit amount applied for on the lower, more recent income.
- **Increases significantly** from one year to the next, or over a several-year time period, base coverage on an average earned income (not the highest, most recent earned income). An average of three years income should be used to determine the amount of DI benefits.
- **Swings dramatically**, use an average of three years income to determine the DI benefit. In these cases, however, it's very important to understand the reasons behind the income changes. It's a good idea to submit a cover letter explaining the circumstances surrounding unstable income patterns.
- Underwriting reserves the right to go outside these guidelines, if in the underwriter's judgment, there is justification to do so.

Occupation change

Generally, a client's prior job earnings can be used on a current basis if new job earnings cannot yet be documented.

- Actual earnings can be used after new job earnings have been established for two years.
- Projections of earnings in the new job which exceed earnings from the prior job are not considered, unless the underwriter has justification to do so.
- Prior earnings are not used on a current basis if the occupation change was made to one with lower earnings, dissimilar duties, or to a different industry (e.g., changing from an attorney to a real estate agent).

New business/purchase of existing business

The income potential of a new business or an existing business under new management and ownership is difficult to predict. Factors affecting the financial success of the business include:

- Experience and expertise of the owners.
- Compatibility of the owners if there is more than one.
- Ability to manage expenses.
- Financial resources available to support the business if revenues are not adequate to do so.
- General economic conditions.
- Competitiveness of the particular line of business.
- Ability to find qualified employees.

The success rate for start-up small businesses is generally very low. Because it is possible that the new or recently purchased business may have financial difficulties in the early months of operation, coverage within the first year of ownership will be considered on an individual case basis.

After the business has been in operation for a year under the ownership of the client, we will consider coverage based on income verification for the year of operation.

Unearned income

- Unearned income is received from sources not directly related to actively working in an occupation.
- Because it is received even if the client is not able to perform any occupational duties, it is viewed as a form of self-insurance.
- Significant unearned income results in overinsurance and is factored into the overall amount of coverage offered.
- Examples of unearned income are: capital gains, interest, net rentals, pension benefits, passive dividends, income from family trusts, alimony and royalties.
- Unearned income will reduce the benefit amount available to the client only to the extent that it exceeds 20% of earned income.

Fifty percent (50%) of the monthly unearned income in excess of the parameters listed above will be deducted from the maximum total benefit available to the client.

If unearned income is:

- **Less than 20% of earned income**, do not reduce the benefit amount available to the client.
- **More than 20% of earned income**, calculate the monthly average of the amount over the 20% allowance. Reduce the maximum total benefit available to the client by 50% of this amount.

Net worth

Personal net worth can have an impact on disability insurance eligibility.

Up to \$10 million	Unrestricted for Disability Income insurance.
Greater than \$10 million	Consult your Underwriter.

Maximum issue and participation limits by occupation class

The maximum monthly benefit amount (Disability Benefit and SIS) issued or participated with other companies (excluding key person Replacement, DI Retirement Security, Disability Buy-Out and Overhead Expense) is:

Occupation class	Ages	Issue limit	Participation with other individual DI	Participation with group LTD
6A ¹ , 5A, 4A, 3A	18-60	\$35,000	\$35,000	\$35,000
	61+	\$20,000	\$35,000	\$35,000
6A-M ¹ , 5A-M, 4A-M ²	18-55	\$30,000	\$30,000	\$35,000
	56-60	\$17,000	\$17,000	\$17,000
	61+	\$10,000	\$10,000	\$10,000
3A-M ²	18-55	\$20,000	\$30,000	\$35,000
	56-60	\$17,000	\$17,000	\$17,000
	61+	\$10,000	\$10,000	\$10,000
2A, 2A-M	18-61+	\$8,000	\$10,000	\$10,000
A, A-M	18-61+	\$6,000	\$8,000	\$8,000

Note: These limits are for new business policies only. May require an additional policy to reach these limits when adjusting. Benefit Update offers capped at maximum of \$20,000. See Benefit Update rider section for details.

These limits do not include Catastrophic Disability Benefit rider amounts or DI Retirement Security.

Future Benefit Increase (FBI) rider maximum issue and participation limits by occupation class

The FBI rider is available on DI policies according to the following issue and participation limit guidelines:

Occupation class	FBI maximum issue and participation limits
6A ¹ , 5A, 4A, 3A	\$17,000/month
6A-M ¹ , 5A-M, 4A-M, 3A-M	\$17,000/month ³
2A, 2A-M	\$6,000/month
A, A-M	\$4,000/month

Not applicable to Core Value Income Protection.

Maximum issue and participation limits are also the basis for renewal of the FBI rider. If in force and applied for coverage with all companies exceeds the FBI maximum issue and participation limit, the FBI rider will not be renewed.

¹ The 6A occupation class is for individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of state approvals visit principal.com/distateapprovals.

² For adjustments on 4A-M and 3A-M policies prior to the 700 policy series, the issue limit remains at \$10,000/month and the participation limit with other coverage is \$20,000/month.

³ Ages 18-55 only. Limits are \$8,000/month for 4A-M and 3A-M policies written prior to the 700 policy series.

Issue and participation limits table guidelines

- Clients in all occupations may apply for the total benefit amount as all base, or a combination of base and SIS. (SIS cannot exceed the SIS maximum.)
- To be eligible for SIS single-life and multi-life, the client must be contributing to social security.
- Sole proprietors, partners, and 2% or more owner/employees of S corporations or Limited Liability Companies are eligible for individual pay limits only.

For details, refer to the federal income tax guide (Section 15).

When programming around existing coverage, reduce the SIS benefit and then the disability benefit with any remaining amount.

Example:

Income—\$3,000/month

Non-integrated coverage in force—\$1,000

Maximum monthly benefit—\$1,250 base, \$900 SIS

Maximum SIS Benefit	\$900
Less coverage inforce	<u>-\$1,000</u>
Excess	<u>-\$1,000</u>

Maximum base benefit	\$1,250
Less excess	<u>-100</u>
Eligible base benefit	\$1,150

The \$1,150 base benefit is in addition to the full SIS benefit available (i.e., \$900).

Group supplement limits table guidelines

- Many employees have group long-term disability (LTD) or salary continuation plans available through their employer.
- If the employee is disabled, these benefits are almost always taxable to the employee and integrated with social insurance programs.
- Group supplement limits allow a higher individual DI policy to be issued as a supplement to the taxable LTD benefit.
- Group supplement limits may only be used when the client has LTD in-force or will be eligible for LTD within three years of the application.

Group supplement limits are available to all occupation classes.

The DI illustration system will automatically calculate the maximum benefit available.

If applying for:

Calculation example

- Income—\$120,000/year
- LTD—\$6,000/month

Individual-Pay DI:

- Determine the maximum benefit available based on the client's earned income (use the individual pay-group supplement limits table).
- Multiply the LTD benefit by .70 and subtract from the answer above.

Benefit limit	\$7,070— \$4,200 LTD (from the table) = \$7,070	Benefit (6,000 x .70 = \$4,200) = \$2,870 eligible tax-free benefit
---------------	--	--

The benefit may not be greater than the issue and participation limit listed in the individual pay table.

Employer-pay DI:

- Determine the maximum benefit available, based on the client's earned income (use the employer pay-group supplement limits table).
- Subtract the entire LTD benefit from the answer above.

Benefit limit	\$8,685— \$6,000 = (from the table) = \$8,685	\$2,685 eligible benefit
---------------	--	--------------------------

The benefit may not be greater than the issue and participation limit listed in the employer pay table.

 **Note:** SIS is not available if the LTD benefit is greater than the SIS issue limit. This benefit may not be greater than the issue and participation limit listed in the employer pay table.

Maximum participation limits with group LTD

Occupation class	Age	Participation limit with Group disability ³
6A ¹ , 5A, 4A, 3A	18-61+	\$35,000
6A-M ¹ , 5A-M, 4A-M ² , 3A-M ²	18-55	\$35,000
	56-60	\$17,000
	61+	\$10,000
2A, 2A-M	18-61+	\$10,000
A, A-M	18-61+	\$8,000

These limits do not include Catastrophic Disability Benefit rider amounts, nor are they applicable for Core Value Income Protection.

¹ The 6A occupation class is for individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of state approvals visit principal.com/distateapprovals.

² For adjustments on 4A-M and 3A-M, participation limit at \$20,000/month for policies written prior to the 700 Policy Series.

³ Participation limits may change when participating with other individual DI.

Adaptable income benefits (AIBs)

- The primary purpose of an AIB is to program benefits around other in-force coverage.
- Up to two AIBs are available on the disability benefit and one on the SIS benefit.
- The AIB allows the initial disability benefit amount to be higher or lower than the ultimate disability benefit amount. The SIS AIB initial amount must be lower than the ultimate amount.

For all occupation classes:

- The disability benefit AIB may equal the total column of the issue and participation limits table **less** any SIS benefit applied for that covers the same period.
- Neither the SIS AIB nor the ultimate SIS benefit may exceed the maximum SIS listed in the issue and participation limits table.
- The maximum period for an AIB is five years.

Example:

- Income—\$5,000/month
- LTD—60% with a 180-day elimination period, 5 year benefit period
- Client requests maximum benefit with a 90-day elimination period with benefits to age 65

AIB = \$3,400	AIB = \$1,500 LTD = \$3,000	DI = \$3,400
90	180	5-years 65

- Neither the SIS AIB nor the ultimate SIS benefit may exceed the maximum SIS listed in the issue and participation limits table.

State disability insurance (SDI)

Five states have state Disability Income programs. The following table shows the benefits payable in these states:

State	% of monthly income	Maximum monthly benefit	Benefit period
California	55%	\$4,625	12 months
Hawaii	58%	\$2,320	6 months
New Jersey	66%	\$2,530	6 months
New York	50%	\$740	6 months
Rhode Island	60%	\$3,190	6 months

Since SDI is not taxable, group supplement limits are not used, unless other coverage is group LTD. Instead, the calculated state disability amount is subtracted from the SIS benefit. Any remaining state disability benefit is then subtracted from the base benefit.

Example for class 2A/2A-M:

- Income—\$5,000/month
 - State—CA—55% x \$5,000 = \$2,750 (max = \$4,625)
Maximum monthly benefit—\$2,225 base, \$1,175 SIS
- | | |
|--------------|--------------------------|
| SIS amount | \$1,175 |
| Less SDI | -2,750 |
| Excess | -1,575 |
| Base amount | \$2,225 |
| Less excess | -1,575 |
| Base benefit | 650 (from day 90 to 365) |

Notes:

- In California, Hawaii, New Jersey, New York and Rhode Island, SDI can be ignored at all income levels for 6A¹, 6A-M, 5A, 5A-M, 4A, 4A-M, 3A and 3A-M occupation classes when a policy is issued with a 90-day or longer elimination period.
- The Catastrophic Disability Benefit (CDB) amount is not impacted by SDI. Select professional limits and Core Value Income Protection are not impacted by SDI.

¹ The 6A occupation class is for individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of state approvals visit principal.com/distateapprovals.

Core Value Income ProtectionSM (HH750)

The Core Value Income ProtectionSM sales program is designed to make it easier to offer an affordable individual DI policy to clients working in most 2A/2A-M and 3A/3A-M occupations.¹

This sales program offers four streamlined packaged benefit design options to make offering income protection easier than ever before. To qualify, the policy cannot be adjusted or the benefit design changed.

Program guidelines

Occupation classes: 2A/2A-M and 3A/3A-M¹

Issue ages:

- 18 to 60—Single-Life
- 18 to 64—multi-life

Maximum benefit amount: 50% income replacement up to \$4,175/month

Built-in benefit design features

your occupation Period	5 years
Riders	<ul style="list-style-type: none"> • 12-month Short-Term Residual Disability Benefit² • Future Benefit Increase (FBI)² • Mental/Nervous & Substance Abuse (MNSA) (required, except in Vermont) <p> Note: No other riders available.</p>

Benefit design options

Benefit period	5-year	To age 65
Elimination period	60-day	90-day

Built-in individual DI insurance (HH750) policy benefits, such as the waiver of premium, death benefit, etc. still apply.

 **Note:** Business Owner Allowance is not available.

¹ Not available for registered nurses (RNs), court reporters, dental assistants, dental hygienists and dental lab technicians.

² May be removed or modified by an underwriting action.

Premium and benefit amounts

- **Under this sales program, all clients receive 3A/3A-M occupation class rates.**
- Premiums are dependent on the benefit period and elimination period chosen, as well as a variety of other factors. To help make premiums more affordable, clients can select a longer elimination period or shorter benefit period.
- The maximum benefit amount is based on 50% income replacement not to exceed \$4,175/month (applies to both issue and participation limits).
- Cannot be used as a supplement to group disability coverage if that policy already replaces at least 50%.
- Social Insurance Substitute (SIS) is not required.

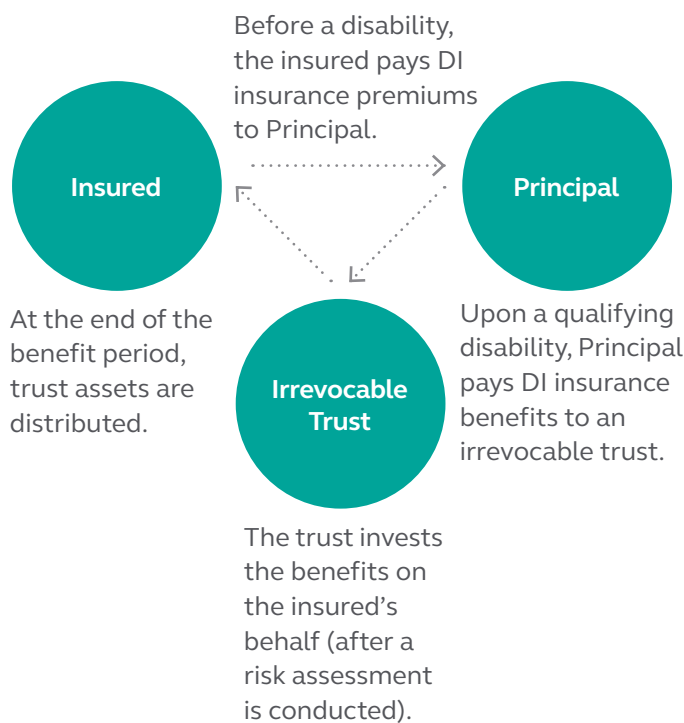

DI Retirement Security (DIRS)

(HH750)

DI Retirement Security (DIRS)

This program is designed for individuals who have maxed out their traditional DI coverage and are committed to saving for retirement.

¹ For 3A-M, 4A-M, 5A-M and 6A-M occupation classes, DIRS benefits plus existing lifetime benefits cannot exceed \$25,000/month. This maximum does not apply to other occupation classes.

² This rider can be illustrated to the maximum benefit amount available.

³ See page 1-15 (MNSA), page 8-4 (Multi-life), page 10-2 (Affiliation), page 11-2 (Association) or page 12-5 (Select Occupation) for guidelines.

Taxability

The tax rules for DIRS are the same as for individual DI insurance.

- **Schedule C** business owners would not be able to deduct the premiums as a business expense. Benefits received under the policy would be tax-free.
- Partners or more than 2% shareholders in **S-corps** are required to bonus the premiums to the owners, so their benefits would be tax-free.
- Owners of **C-corps** can do either salary continuation (deduct the premiums without including them in the owner's income, thus taxable benefits at claim time) or executive bonus (include the premiums in their income, thus non-taxable benefits at claim time).

Trust earnings

- Are taxable annually to the client and declared on their tax return each year, unless benefits are invested in a tax-deferred annuity option.
- Once the insured is eligible to receive disability benefits and money has been deposited into the Trust, the Trustee/Trust Administrator will send a 1099 to the grantor for all interest, dividends and capital gain distributions each year.
- Any increase in market value is not taxable until the funds are sold and the grantor "recognizes" the gain.
- The value of the trust will be included in the trust grantor/insured's estate regardless of when the insured dies since the grantor/insured has a "retained interest" in the trust. In some cases, this could create estate tax liability but should not be seen as a negative.
- Since the value of the trust will be included in the estate of the trust grantor/insured, there should be a step-up in basis for the trust property. The only exception that may apply would be investment property that generates untaxed ordinary income. The earnings in a deferred annuity, for example, would be subject to income tax. Also, interest earnings for the year of death would be taxable. Unrealized capital gain, however, would receive a step-up in basis.

Premiums paid by: Tax considerations:¹

Employee with after-tax dollars	Benefits received are income tax-free; trust earnings are taxable annually and declared on the insured's tax return unless benefits are invested in a tax-deferred annuity.
Employer	Benefits received are taxable; trust earnings are taxable annually and declared on the insured's tax return unless benefits are invested in a tax-deferred annuity.
Employer, but bonused to employee	Benefits received are income tax-free; trust earnings are taxable annually and declared on the insured's tax return unless benefits are invested in a tax-deferred annuity.

¹ Upon a qualifying disability, benefits are paid to the irrevocable trust.

Exclusions

DI Retirement Security is not available to anyone who is over insured based on the current issue and participation guidelines from Principal. It may not be available or the benefit amount may be reduced for certain occupations if there is existing DI coverage with lifetime benefits. Additional underwriting guidelines may apply.

Calculating the DIRS benefit

Non-Taxable (individual pay)

Client type

Examples

Non-business owner

- Earned income plus any employer-qualified retirement contributions (up to \$5,000/yr.) times 15%.
- Not to exceed maximum contributions.

Earned income \$230,000 with \$1,000 employer contributions for total of \$231,000.
 $\$231,000 \times 15\% = \$34,650 \div 12 \text{ months} = \$2,888 + \$50/\text{mo. trust fee} = \$2,938$ (round to \$2,940).
 $\$2,940 < \$4,550$ (maximum benefit allowed), eligible for **\$2,940** a month.

Business owner

- Earned income plus any qualified retirement contributions (up to \$53,000/yr.) times 15%.
- Not to exceed maximum contributions.

Earned income \$320,000 with \$50,000/year qualified retirement contributions for a total of \$370,000.
 $\$370,000 \times 15\% = \$55,500 \div 12 \text{ months} = \$4,625 + \$50/\text{mo. trust fee} = \$4,675/\text{month}$.
 $\$4,675 > \$4,550$ (maximum benefit allowed), eligible for **\$4,550** a month.

Taxable (employer pay)

Non-business owner

- Earned income plus any employer-qualified retirement contributions (up to \$5,000/yr.) times 19%.
- Not to exceed maximum contributions allowed.

Earned income \$230,000 with \$1,000/yr. employer contributions for a total of \$231,000.
 $\$231,000 \times 19\% = \$43,890 \div 12 \text{ months} = \$3,658 + \$50/\text{mo. trust fee} = \$3,708/\text{mo.}$ (round to \$3,710).
 $\$3,710 < \$5,850$ (maximum benefit allowed), eligible for **\$3,710** a month.

Business owner (C-corp owner only¹)

- Earned income plus any qualified retirement contributions (up to \$53,000/yr.) times 19%.
- Not to exceed maximum contributions allowed.

Earned income \$320,000 with \$50,000/yr. qualified retirement contributions for a total of \$370,000.
 $\$370,000 \times 19\% = \$70,300 \div 12 \text{ months} = \$5,858 + \$50/\text{mo. trust fee} = \$5,908/\text{mo.}$ (round to \$5,910).
 $\$5,910 > \$5,850$ (maximum benefit allowed), eligible for **\$5,850** a month.

Existing retirement protection coverage

Once you have calculated the benefit available, you will need to subtract any existing retirement protection coverage the client has.

- If the existing retirement protection coverage benefit is non-taxable, use 100% of benefit; if taxable, multiply by .70 and subtract from the calculated DIRS benefit.
- If employer paid; subtract the entire existing taxable retirement protection coverage benefit from the calculated DIRS benefit.

✓ **Tip:** Leverage the illustration system to automatically calculate benefits.

Examples

Individual pay non-taxable Income—\$360,000 annual; available non-taxable (individual) pay DIRS benefit of \$4,550/month and existing non-taxable retirement coverage of \$2,000/month.

Maximum DIRS benefit	\$4,550
Less \$2,000 retirement Protection	-2,000
Eligible benefit	<u>\$2,550</u>

Individual pay Taxable Income—\$360,000 annual; available non-taxable (individual) pay DIRS benefit of \$4,550/month and existing taxable retirement coverage of \$2,000/month.

Maximum DIRS benefit	\$4,550
Less \$2,000 retirement Protection x .70	-1,400
Eligible benefit	<u>\$3,150</u>

Employer pay Income—\$430,000 annual; available taxable (employer pay) DIRS benefit of \$5,850/month and existing taxable retirement coverage of \$2,000/month.

Maximum DIRS benefit	\$5,850
Less \$2,000 retirement Protection	-2,000
Eligible benefit	<u>\$3,850</u>

DI Retirement Security is issued as a non-cancelable, guaranteed renewable, individual Disability Income insurance policy. It is not a pension or retirement program or a substitute for such a program. See section 3 for additional exclusions.

¹ S corp owners, LLC or Sole Proprietors do not qualify for employer pay limits.

Overhead Expense (HH789 | HH702)

The objective of Overhead Expense (OE) insurance is to reimburse a business owner for business expenses incurred during a disability. Our policy is designed for owners of small- and medium-sized businesses, whose personal service is critical to the continued earning of business income.

Unlike Disability Income (DI) policies, OE policies are reimbursement policies which pay an amount of monthly benefit based on actual expenses incurred, less earned income. OE coverage is not a substitute for personal DI coverage.

Principal has two policy forms available for its 700 Portfolio Series:

- **HH789**—standard policy form and is available in the majority of states.
- **HH702**—approved in Ohio and Vermont.

HH702 is no longer available in states where HH789 has been approved. For current approvals, go to: principal.com/distateapprovals.

Target market

OE insurance is only available to business owners. On a case by case basis a non-owner who has a legal written document stating responsibility for a percentage of the business expenses may purchase a policy. The percentage of total business expenses covered per owner equals the percentage of the owner's interest in the business.

Not all benefits, features and riders are available in all states or to all occupation classes.

Number of owners

- Fee-for-service businesses: up to 8 owners
- Other businesses: up to 4 owners

Occupation classes

- Occupation classes: 5A, 5A-M, 4A, 4A-M, 3A, 3A-M, 2A and A.
- Premiums, benefits, policy forms and the availability of riders vary by occupation class. The premium class may be standard or an extra percentage of standard.
- The "M" subcategory (5A-M, 4A-M, 3A-M) is being used to cap the maximum issue and participation limit and may have additional requirements for optional riders.

Income-producing, non-owner employees

- OE insurance may not be needed if there are non-owner employees that are able to continue to generate income in the absence of the owner.
- The real test is whether or not the business would incur a significant, and reasonably immediate, loss of income in the event of the disability of the owner.
- **Example:** If the owner of a florist shop became disabled and there were other employees capable of arranging and selling flowers, there would be little loss of income to the business, and little need for OE insurance.

Premium rates

- Premiums are dependent on many factors, like: age, occupation class, tobacco status, benefit factor, elimination period, riders and others.
- Minimum annual premium required: \$200 (pre-discounted).
- Minimum earned income: \$15,000/year as indicated on federal tax returns. Verification of personal earned income is not required for Overhead Expense unless requested by your DI underwriter.
- Gender-specific¹ rates for single- and multi-life.

¹ Written state of MA and MT require gender-neutral rates.

Eligible discounts¹

Discounts are not available in all states, are not all stackable with each other and may require pre-approval. Certain guidelines and restrictions may apply.

- 10% Select Occupation
- 10% Association
- 20% Multi-life

Issue ages

- Issue ages: 18-60.
- Issue age has a direct impact on the premium paid for coverage.
- Older the client, the higher the premium; use age as of last birthday.
- Backdating to save age is allowed for a maximum of 30 days prior to the application date.

Elimination periods

- The elimination period (commonly referred to as a “waiting period”) is the number of days the insured must wait before benefits begin to accrue.
- Benefits are paid one month after satisfying a policy’s elimination period.
- elimination periods: 30, 60, 90 days; options differ for the Business Loan Protection rider².

✓ **Tip:** The shorter the elimination period, the higher the premium.

Benefit factors

- The benefit factor multiplied by the maximum monthly benefit equals the maximum aggregate benefit.
- The maximum aggregate benefit is the maximum amount payable for any one continuous disability.
- Benefit Factors (options differ for the Business Loan Protection rider²):
 - HH 789: 12, 15, 18, 24 and 30 times.
 - HH 702: 12, 18 and 24.

¹ See page 8-4 (Multi-life), page 11-2 (Association) or page 12-5 (Select Occupation).

² See section 5 for details.

Policy description (HH789)

This policy description is a general summary. All features, provisions and riders may not be available in all states and may be subject to state variations. Refer to your state policy and rider forms for the full definition of all policy provisions, benefits, limitations and exclusions.

Renewability

- Policies are non-cancelable and guaranteed renewable to age 65 policy anniversary or five years from the policy date.
- Principal can’t change or cancel the policy (except for nonpayment of premiums) or increase the premiums before the age 65 policy anniversary or five years from the policy date if later, regardless of changes in the insured’s expenses, occupation or health.
- The owner may renew the policy each year thereafter for life if:
 - The insured is not receiving a benefit under the policy or any rider at the time of renewal; **and**
 - The insured has been actively working an average of 30 hours a week at the time of renewal and for the year preceding renewal; **and** responsible for business expenses at the time of renewal; **and**
 - The policy is in force with no premium in default; **and**
 - We receive the owner’s renewal request in writing by the age 65 policy anniversary or, if applicable by the end of the five years from the policy date, and by each policy anniversary thereafter for any subsequent one-year renewals; **and**
 - You pay the renewal policy premium, which will be based on those rates in effect for your age at the time of renewal.

State variation—GA, TX.

Definition of total disability

Solely due to injury or sickness:

- You are unable to perform the substantial and material duties of Your Occupation; **and**
- You satisfy the requirements of the claim information section of the policy.

State variation—LA, NJ, NY, VA.

Advanced benefit

- First maximum monthly benefit paid when due—without receipt of the required documentation.
- Adjustments are made, once the required documentation is received (as described in the carry forward of benefits provision or the overpayment of benefits provision).
- Will only be paid one time per claim and will reduce the maximum aggregate benefit.

Benefit payable

- Reimbursement for the insured's covered overhead expenses for their continuous disability that begins on or after the policy date and while the policy is in-force and subject to the policy provisions.
- Benefits start to accrue at the end of the elimination period. Benefits will continue during the insured's continuous disability, but not beyond the maximum aggregate benefit.

For total disability, we will pay an amount equal to the covered overhead expenses the insured incurs each month up to the maximum monthly benefit, but not to exceed the maximum aggregate benefit.

Carry forward feature

Any unused benefit is carried forward and applied to the Insured's covered overhead expenses in a later month for the same continuous disability when the Insured's covered overhead expenses exceed the maximum monthly benefit.

Carry forward expenses

The insured's covered overhead expenses in any one month of disability may be greater than the maximum monthly benefit. If so, only excess covered overhead expenses will be carried forward and reimbursed in a later month for the same continuous disability when the Insured's covered overhead expenses are less than the maximum monthly benefit.

Covered overhead expenses

- Insured's share, based on their percentage of ownership or contractual agreement, of the usual and customary monthly business expenses they are responsible for in the operation of the business.
- These expenses must be incurred during your disability.
- Covered overhead expenses must be deductible for federal income tax purposes and each expense cannot exceed what it was in the 12 consecutive months just prior to disability.
- Expenses will be considered when recorded using the client's accounting method (cash versus accrual), and those expenses paid other than monthly are considered on a pro-rata basis as if paid monthly.

Death benefit

- If the insured dies after satisfying the elimination period and while benefits are being paid, we will pay benefits during the three-month period immediately following the insured's death for his or her portion of any covered overhead expenses.
- Benefits will be paid as if the Insured was totally disabled with no monthly gross income, subject to the maximum aggregate benefit.

State variation—GA, KS, MD, MN, SC.

Not available—IL, NJ.

Exchange privilege

- Prior to age 60 policy anniversary, the insured may exchange the policy for an individual Disability Income (DI) policy that we have available based on our then current underwriting guidelines without medical evidence of insurability if:
 - The insured is not disabled; **and**
 - The OE policy is in force; **and**
 - No premiums are in default; **and**
 - The insured (and owner if different) complete an application.
- DI premium is based on our then current rates, the insured's attained age and occupation.
- The new policy:
 - Contains any exclusions, ratings and limitations contained in the current OE policy; **and**
 - Maximum benefit period will not be more than two years and the elimination period will be 90 days or greater; **and**
 - Maximum monthly benefit will be the lesser of \$2,500 or the maximum amount we are willing to offer under our current underwriting guidelines.

Not available—NY.

Interrupted elimination period

- Allows the combination of separate periods of disability to satisfy the elimination period.
- These periods of disability must occur within a period of time that is up to twice as long as the elimination period and less than one year.
- The disabilities can be from the same or different causes.

State variation—MA.

Legal/accounting fee benefit

- If legal and accounting fees are incurred in the termination of the business due to disability we will reimburse to the loss payee such fees up to a maximum of \$3,000.
- Benefit payable in addition to the maximum monthly benefit and maximum aggregate benefit.

Military suspension

- Suspends the policy if the insured enters the military service on a full-time active-duty basis.
- No premium is due during the service and no policy benefits are provided during that time.
- The policy can be restored (same as before the suspension) if:
 - Active duty ends within five years of the suspension; **and**
 - The owner requests the suspension to end within 180 days of the end of service.

Monthly gross income

- The insured's share based on their percentage of ownership or contractual agreement of the monthly gross receipts and other income generated for the business, including the monthly gross income generated by the insured's replacement, during the insured's disability, less the cost of goods, merchandise, products or services.
- Cash or accrual accounting method can be selected at the time a claim begins.
- Only that portion of monthly gross income generated by the insured, his or her replacement, or income generated by others under the insured's supervision, management, or direction is considered in determining monthly gross income.
- Gross receipts or other income received during disability for work performed prior to the start of disability will not be included as monthly gross income during disability.

Presumptive disability benefit

An injury or sickness resulting in total loss of use for any and every purpose or activity without any possibility of recovery of:

- Power of speech; **or**
- Hearing in both ears; **or**
- Sight of both eyes; **or**
- The use of both hands, both feet, or one hand and one foot.

If you incur a Presumptive Disability:

- We will consider the insured disabled and will reimburse covered Overhead Expense for total disability under the benefit section, regardless of their ability to work or earn an income if they incur a Presumptive Disability.
- Considered disabled as long as your Presumptive Disability continues.
- Not required to be under the regular care of a doctor.
- No new elimination period is required and the benefit will start to accrue on the date of loss. Monthly benefits are paid as long as the loss continues, subject to the policy's maximum aggregate benefit.

State variation—NJ.

Recovery benefit

We will provide a benefit if:

- The insured is no longer disabled; **and**
- The insured is not receiving benefits under the benefit section;
- The insured returns to full-time work in their occupation immediately after a continuous disability for which benefits were payable under the benefit section;
- The insured has a loss of net income;
- The loss of net income is solely due to the prior injury or sickness that caused disability; **and**
- The insured satisfies the requirements of the claim information section of the policy.

The amount of benefit payable will be 50% of the maximum monthly benefit for a maximum three-month period, but not to exceed the maximum aggregate benefit or the insured's age 65 policy anniversary or five years from the policy date, if later.

State variation—VA.

Recurring disability benefit

Means a continuation of a prior disability and no new elimination period is required when:

- The disability results from the same or a related cause as a prior period of disability for which we paid benefits or provided the waiver of premium benefit; **unless**
- After the prior disability ends you return to work at least 40 hours per week in any occupation for at least six consecutive months.

Benefits will be paid for the remainder of the maximum aggregate benefit, if any.

Reinstatement

- Policy can be reinstated any time within one year after its termination, subject to our then current underwriting guidelines.
- Formal reinstatement application will also be required.
- A reinstated policy covers disabilities from a sickness that first manifests itself more than 10 days after reinstatement date, or an injury occurring after the reinstatement date.

State variation—IL, IN, LA, MA, MD, MN, NE, NH, NJ, NY, SC, VA, WI.

Transplant surgery benefit

We will pay benefits under the benefit section if your disability results from surgery involving a transplant of a part of your body to another person.

Waiver of premium benefit

If insured is disabled, for the lesser of 90 days or the elimination period, we will:

- Refund the monthly pro-rata portion of any premium paid for coverage after the date a continuous disability began; **and**
- Waive the payment of premiums which come due during the continuous disability.

Premium payments will begin on the next premium due date after the insured is no longer receiving benefits under this policy or the disability ends, whichever is later.

Exclusions and limitations

This policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed by, or which results from:

- Intentional, self-inflicted injury; **or**
- The insured's commission of or their attempt to commit a criminal act, or their involvement in an illegal occupation or activity; **or**
- The suspension, revocation or surrender of their professional or occupational license or certification; **or**
- Active military service during a military action or conflict, **or**
- Loss we have excluded by name or specific description in any attached rider or endorsement.

No benefits are payable for any period of disability in which you are incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.

A sickness resulting from normal pregnancy and normal childbirth will be covered if the elimination period is equal to or greater than 90 days; subject to the definition of disability.

There may be other exclusions or limitations in the policy in addition to those stated above. Any additional exclusions or limitations (if any) will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.

Limitation when outside the United States or Canada

Benefits will be limited to 12 months during the insured's continuous disability unless they reside in the United States or Canada for at least six consecutive months in each calendar year.

State variation—CT, GA, IA, ID, IL, KS, LA, MA, MD, MN, MO, MT, NC, ND, NE, NJ, NY, OK, SC, SD, TX, UT, VA, WA, WI.

Pre-existing condition limitation

We will not pay any claim for a disability or loss which:

- Begins within 12 months after the effective date of coverage(s); **and**
- Results from a pre-existing condition which was not disclosed or was misrepresented in this policy's application.

Pre-existing condition means a condition:

- For which medical treatment, testing or medication was recommended by a doctor or received from a doctor within the 12 month period prior to the effective date of coverage(s); **or**
- Which has caused symptoms within the 12 month period prior to the effective date of coverage(s) which would cause an ordinarily prudent person to seek diagnosis, care or treatment.

State variation—GA, IA, ID, KY, MD, MN, MT, NC, ND, NH, NJ, NM, NY, SD, WY.

Policy description (HH702)

This policy description is a general summary. **This policy series is only available in Ohio and Vermont.**

All features, provisions and riders may not be available in all states and may be subject to state variations. Refer to your state policy and rider forms for the full definition of all policy provisions, benefits, limitations and exclusions.

Renewability

- Non-cancelable and guaranteed renewable to age 65.
- Principal can't change or cancel the policy (except for nonpayment of premiums) or increase the premiums before age 65, regardless of changes in the insured's expenses, occupation or health.
- Owner may renew the policy on a year-to-year basis after the insured's age 65 policy anniversary if:
 - The insured has been actively working an average of 30 hours a week for the year preceding renewal; **and**
 - The insured is working at least 30 hours a week at the time of renewal; **and**
 - The policy is in force with no premium in default; **and**
 - You pay the renewal policy premium, which will be based on those rates in effect for your age at the time of renewal.

For disabilities beginning on or after the insured's age 65 policy anniversary, the maximum monthly benefit and maximum aggregate benefit will be the same.

Definition of total disability

Means solely due to injury or sickness:

- You are unable to perform the substantial and material duties of Your Occupation; **and**
- You are not working; **and**
- You satisfy the requirements of the claim information section of the policy.

Benefit payable

For total disability, we will pay an amount equal to the covered overhead expenses the insured incurs each month up to the maximum monthly benefit, but not to exceed the maximum aggregate benefit.

Benefits start to accrue at the end of the elimination period and will continue during the insured's disability. Benefits will not be paid for more than three months beyond the insured's age 65 policy anniversary except as described under the renewal after age 65 section.

Carry forward feature

The insured's covered overhead expenses in any one month of disability may be less than the maximum monthly benefit. If so, any unused benefit will be carried forward and applied to the insured's covered overhead expenses in a later month for the same continuous disability when the insured's covered overhead expenses exceed the maximum monthly benefit.

Carry forward of expenses

The insured's covered overhead expenses in any one month of disability may be greater than the maximum monthly benefit. If so, any excess covered overhead expenses will be carried forward and reimbursed in a later month for the same continuous disability when the insured's covered overhead expenses are less than the maximum monthly benefit.

Covered overhead expenses

- Your share, based on your percentage of ownership or contractual agreement, of the usual and customary monthly business expenses You are responsible for in the operation of the business.
- These expenses must be incurred during your disability.
- Covered overhead expenses must be deductible for federal income tax purposes and each expense cannot exceed what it was prior to disability.
- Expenses paid other than monthly are considered on a pro-rata basis as if paid monthly.

Death benefit

- If the insured dies after satisfying the elimination period and while benefits are being paid, we will pay benefits during the three-month period immediately following the insured's death for his or her portion of any covered overhead expenses.
- Benefits will be paid as if the insured was totally disabled with no monthly gross income, subject to the maximum aggregate benefit.

Exchange privilege

- Prior to age 60, the insured may exchange the OE policy for an individual Disability Income (DI) policy without medical evidence of insurability.
- Premium based on our then current rates, the insured's attained age and occupation.
- The new policy's:
 - Maximum benefit period will not be more than two years and the elimination period will be 90 days or greater.
 - Maximum monthly benefit will be the lesser of \$2,500 or the maximum amount we are willing to offer under our current underwriting guidelines.
 - The new policy contains any exclusions, rating, or limitations contained in the current OE policy.

Interrupted elimination period

- Allows the combination of separate periods of disability to satisfy the elimination period.
- These periods of disability must occur within a period of time that is up to twice as long as the elimination period and less than one year.
- The disabilities can be from the same or different causes.

Legal/accounting fee benefit

- If legal and accounting fees are incurred in the termination of the business due to disability we will reimburse to the loss payee such fees up to a maximum of \$3,000.
- Benefit payable in addition to the maximum monthly benefit and maximum aggregate benefit.

Military suspension

- Suspends the policy if the insured enters the military service on a full-time active-duty basis.
- No premium is due during the service and no policy benefits are provided during that time.
- The policy can be restored (same as before the suspension), if:
 - Active duty ends within five years of the suspension; **and**
 - The owner requests the suspension to end within 180 days of the end of service.

Monthly gross income

- The insured's share of the monthly gross receipts and other income of the business during the insured's disability, less the cost of goods, merchandise, products or services. This includes income generated by the insured, his or her replacement, or income attributed to the insured. If totally disabled, monthly gross income is not considered.
- Cash or accrual accounting method can be selected at time of claim to determine monthly gross income during disability.
- Gross receipts or other income received during disability for work performed prior to the start of disability **will not** be included as monthly gross income during disability.

Presumptive Disability Benefit

Is an injury or sickness resulting in total loss of use for any and every purpose or activity without any possibility of recovery of:

- Power of speech; **or**
- Hearing in both ears; **or**
- Sight of both eyes; **or**
- The use of both hands, both feet, or one hand and one foot.

If you incur a Presumptive Disability:

- We consider you disabled and will pay benefits for total disability under the benefit section, regardless of your ability to work or earn an income if you incur a Presumptive Disability. You will be considered disabled as long as your Presumptive Disability continues.
- You are not required to be under the regular care of a doctor.

- No new elimination period is required and the benefit will start to accrue on the date of loss. Monthly benefits are paid as long as the loss continues, subject to the policy's maximum aggregate benefit.

Recovery benefit

Provides a benefit if:

- You are no longer disabled; **and**
- You are not receiving benefits under the benefit section; **and**
- You return to full-time work in your occupation immediately after a continuous disability for which benefits were payable under the benefit section; **and**
- You have a loss of net income; **and**
- Your loss of net income is solely due to the prior injury or sickness that caused disability; **and**
- You satisfy the requirements of the claim information section of the policy.

The amount of benefit payable will be 50% of the maximum monthly benefit for a maximum three-month period, but not to exceed the maximum aggregate benefit or the insured's age 65 policy anniversary.

Recurring disability benefit

Means a continuation of a prior disability and no new elimination period is required when:

- The disability results from the same or a related cause as a prior period of disability for which we paid benefits or provided the waiver of premium benefit; **unless**
- After the prior disability ends you return to work at least 40 hours per week in any occupation for at least six consecutive months.

Benefits will be paid for the remainder of the maximum aggregate benefit, if any.

Reinstatement

- Policy can be reinstated any time within one year after its termination, subject to our then current underwriting guidelines.
- Formal reinstatement application will also be required.
- A reinstated policy covers disabilities from a sickness that first manifests itself more than 10 days after reinstatement date, or an injury occurring after the reinstatement date.

Transplant surgery benefit

We will pay benefits under the benefit section if your disability results from surgery involving a transplant of a part of your body to another person.

Waiver of premium benefit

If insured is disabled, after the lesser of 90 days or the elimination period, we will:

- Refund the monthly pro-rata portion of any premium paid for coverage after the date a continuous disability began; **and**
- Waive the payment of premiums which come due during the continuous disability.

Premium payments will begin on the next premium due date after the insured is no longer receiving benefits under this policy or the disability ends.

Exclusions and limitations

This policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed by, or which results from:

- Intentional, self-inflicted injury; **or**
- Your commission of or your attempt to commit a criminal act, or your involvement in an illegal occupation or activity; **or**
- The suspension, revocation or surrender of your professional or occupational license or certification; **or**
- Active military service during a military action or conflict.

No benefits are payable for any period of disability in which you are incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.

A sickness resulting from normal pregnancy will be covered if the elimination period is equal to or greater than 90 days.

There may be other exclusions or limitations in the policy in addition to those stated above. Any additional exclusions or limitations (if any) will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.

Benefit riders (HH789 | HH702)

Automatic Increase Option (AIO) rider

- No cost rider.
- Issue ages: 18 to 55 (for all standard premium policies).
- Occupation classes: All.
- Automatically increases base policy benefits subject to the maximum issue and participation limit on each policy anniversary for six years, based on the change in the CPI-U. Evidence of insurability is not required.
 - Guaranteed minimum: 4% compounded.
 - Guaranteed maximum: 10% compounded.
- Renewed every six years with financial evidence of insurability.
- Premiums for AIO increases are based on the insured's attained age and the rates in effect at the time of the increase.
- Does not apply to the Business Loan Protection rider.
- Is available in conjunction with Benefit Update rider.

See the AIO maximum issue and participation limits table (page 4-27).

The AIO rider is not available on policies exceeding the benefit amounts indicated in the table.

State variation—GA (HH789).

Benefit Update (BU) rider

- No cost rider for standard premium policies.
- Issue ages: 18 to 55.
- Occupation classes: All (if at least 75% of eligible coverage is purchased at issue).
- Allows the policyowner to purchase increased policy benefits every three years without evidence of medical insurability.
- At three year intervals, Principal sends the insured correspondence regarding the opportunity for a BU review.
- The client must return a completed application and financial documentation (if required).
- Depending on the information submitted, we may offer to increase coverage up to the maximum issue and participation limits for which they qualify—**there is no cap** (hard to find in the industry).

- At each BU option, the client must accept a minimum of 50% of the additional benefit offered or the rider is removed.
- Client maintains **one policy** and all definitions, provisions, current rates (at the attained age) and discounts of the original policy apply.

Producers are kept up-to-date with client correspondence through the IDI benefit update activity report available at our advisors.principal.com.

A weekly e-mail notification is sent (prompting login) when there is any BU activity on your in-force book of business.

Business Loan Protection rider

- Cost rider.
- Provides reimbursement coverage for covered business-related loan obligations.
- See section 5 for additional details.

Residual Disability Benefit rider

- Cost rider.
- Occupation classes: 2A and above.

Residual Disability means:

- Insured is not totally disabled; **and**
- Solely due to injury or sickness:
 - They are able to perform some, but not all, of the substantial and material duties of your occupation or they are unable to perform full-time work in their occupation; **and**
 - They incur a monthly loss of net income; **and**
- Satisfy the requirements of the claim information section of the policy. We will pay an amount equal to the loss of net income the insured incurs each month up to the maximum monthly benefit, but not to exceed the maximum aggregate benefit.
 - Loss of net income is the amount by which monthly gross income is less than overhead expenses.

For the first six months of a Residual Disability following the elimination period, the benefit payable will not be less than 50% of the maximum monthly benefit. The Residual Disability Benefit does not apply to the Business Loan Protection rider.

State variation—MD, NC, NJ, NY, VA (HH789).

Underwriting guidelines

Maximum issue and participation (I&P) limits

The maximum monthly benefit issued with other companies (excluding key person Replacement, Disability Buy-Out, Business Loan Protection and Disability Income insurance) is:

Occupation class	Elimination period	Benefit Factor				
		12- month	15- month ¹	18- month	24- month	30- month ¹
5A/5A-M 4A/4A-M 3A/3A-M	30 days	\$30,000/month				
5A/5A-M 4A/4A-M 3A/3A-M	60- or 90 days	\$50,000/month	\$40,000/month		\$30,000/month	
2A/A	30-, 60- or 90 days	\$10,000/month				

Automatic Increase Option (AIO) rider maximum issue and participation limits

The AIO rider is available on Overhead Expense policies (excluding any Business Loan Protection rider coverage) according to the following issue and participation limit guidelines:

Occupation class	Elimination period	Benefit Factor				
		12- month	15- month ¹	18- month	24- month	30- month ¹
5A/5A-M 4A/4A-M 3A/3A-M	30 days	\$28,000/month				
5A/5A-M 4A/4A-M 3A/3A-M	60- or 90 days	\$46,000/month	\$37,000/month		\$28,000/month	
2A/A	30-, 60- or 90 days	\$8,000/month				

¹Not available for HH702.

These AIO maximum issue and participation limits are also the basis for renewal of the AIO rider. If in-force and applied for coverage with all companies exceeds the AIO maximum issue and participation limit, the AIO rider will not be renewed.

Expense requirements

- Over insurance guidelines:
 - Coverage is not available if the proposed insured is overinsured for personal Disability Income insurance.
 - An overinsured individual has less incentive to return to work, which typically results in a claim being paid for a longer duration than might otherwise be expected.
- The Overhead Expense statement must be submitted with all OE applications, as it is made part of the policy.
- Expense verification required when the total Overhead Expense insurance coverage:
 - In-force and applied for with all companies exceeds \$10,000 per month.
 - Needs to be clarified or justified.

Continued on the next page.

The following forms are required for expense verification:

Sole proprietorship	Schedule C (including all supplemental schedules) or Profit and Loss (Income) Statement for the last 12 months
Partnership	1065 Partnership return (including all supplemental schedules), or Profit and Loss (Income) Statement for the last 12 months
Limited liability company—partnership	1065 Partnership return (including all supplemental schedules), or Profit and Loss (Income) Statement for the last 12 months
Limited liability company—S corporation	1120S S corporation return (including all supplemental schedules), or Profit and Loss (Income) Statement for the last 12 months
Limited liability company—C corporation	1120 C corporation return (including all supplemental schedules), or Profit and Loss (Income) Statement for the last 12 months
S corporation	1120S S corporation return (including all supplemental schedules), or Profit and Loss (Income) Statement for the last 12 months

 **Note:** Loan documentation is always required for Business Loan Protection coverage. See section 5 for details.

Covered overhead expenses

- Expenses must be deductible for federal income tax purposes, which means not all expenses can be covered.
- Amount of benefit issued is based on the owner's share of the usual and customary monthly business overhead expenses the owner is responsible for in the operation of the business/practice.
- Coverage is based on percent ownership in the business.

Examples of expenses commonly covered

- **Accountant or accounting services.** If a recurrent and ongoing expense. See “professional fees” for further guidance.
- **Advertising.** If an ongoing, contracted expense.
- **Answering service/beeper.** Generally covered—since usually a fixed monthly expense.
- **Car insurance.** Sometimes covered—to the extent vehicle is used for business purposes and is necessary for continuation of the business. This item is covered on a pro-rata basis. Personal use is not covered.
- **Car loan.** Sometimes covered—to the extent vehicle is used for business purposes, this item is covered on a pro-rata basis. Interest expense is only covered if vehicle is necessary for continuation of the business.
- **Car rental.** Sometimes covered—covered if vehicle is necessary for continuation of the business.
- **Electricity**
- **Employee benefits.** Sometimes covered—medical, life, LTD, etc., on eligible employees only. Benefits for the client or members of the same profession are not covered.
- **Equipment loans**
- **Heat**
- **Insurance premiums.** Malpractice, liability, property—if premiums are not waived during disability.
- **Janitorial/maintenance/security services**
- **Laundry**
- **Leased equipment.** If necessary for continuation of the business.
- **Legal fees.** Sometimes covered—need to know purpose of the fee. If non-recurrent, expense not covered.
- **Liability insurance**
- **Life and medical insurance.** Sometimes covered—on eligible employees only.
- **Loan to purchase business-related equipment and real estate.** Interest and principal are covered expenses if not covered under the Business Loan Protection rider. *Covered asset examples:* medical/dental equipment, office furniture and equipment, building (to the extent owned and occupied by the firm.) *Not covered assets:* insured's personal vehicle, airplane, investment real estate.
- **Malpractice insurance**

- **Mortgage/rent.** Both rent and mortgage interest and principal are covered; however, generally not together. If the business owns and occupies the building, then only mortgage interest and principal is covered (cannot rent from itself). If there are two locations which are occupied by the business, it is possible to have both rent and mortgage interest (owns one building and rents the other).
- **Office supplies.** Examples: paper, writing utensils, etc. are covered. Supplies directly related to the insured's work are NOT covered.
- **Payroll taxes.** Use 10% of payroll expense as a reasonable rule of thumb for payroll tax expense. This covers: FICA expense—7.65%; federal unemployment—0.8%; **and** state unemployment—1.6%.
- **Professional dues and memberships.** Generally covered since continued membership in professional organizations is necessary to maintain an insured's professional level of knowledge. Dues and membership to private clubs, country clubs, etc., would not be covered.
- **Professional fees.** Sometimes covered—*Covered:* fees to professional organizations. Legal and accounting fees subject to comments noted for specific expense account. *Not covered:* services performed by individual organizations of same or similar profession, or supporting professions.
- **Real estate taxes.** Only if building is owned by the business, houses the business, and is not a real estate investment of the business.
- **Rent/mortgage.** Both rent and mortgage interest and principal are covered; however, generally not together. If business owns and occupies the building, then only mortgage interest and principal is covered (cannot rent from itself). If there are two locations which are occupied by the business, it is possible to have both rent and mortgage interest (owns one building and rents the other).
- **Rental equipment.** If necessary for continuation of the business.
- **Repairs.** Sometimes covered—equipment repairs would be covered.
- **Replacement expense.**¹ Covered—the compensation to employ a replacement must be reasonable in relation to the duties performed and should not exceed a maximum of 50% of the client's earned income.
Example: Owner's monthly income \$10,000/mo. x 50% = \$5,000/mo. replacement expense
- **Salaries.** Sometimes covered—generally, salaries and benefits for administrative non-income producing employees are covered. *Not covered salary expenses include:* salaries, wages, fees, drawing accounts, advances, bonuses and other remuneration, including benefits for: the client and any person sharing business expenses with the client, member of the client's profession, individual hired to perform the client's duties during disability² may be covered under replacement expense as noted above, person responsible for the generation of income in the business, and member of the client's immediate family who was not a full-time paid employee of the business for at least 60 days before disability began.
- **Subscriptions.** Sometimes covered—the maintenance and renewal of professional materials are covered (i.e., subscriptions for medical, legal or accounting journals and research texts).
- **Telephone**
- **Utilities**
- **Water**
- **Workers' compensation insurance.** For eligible employees only.

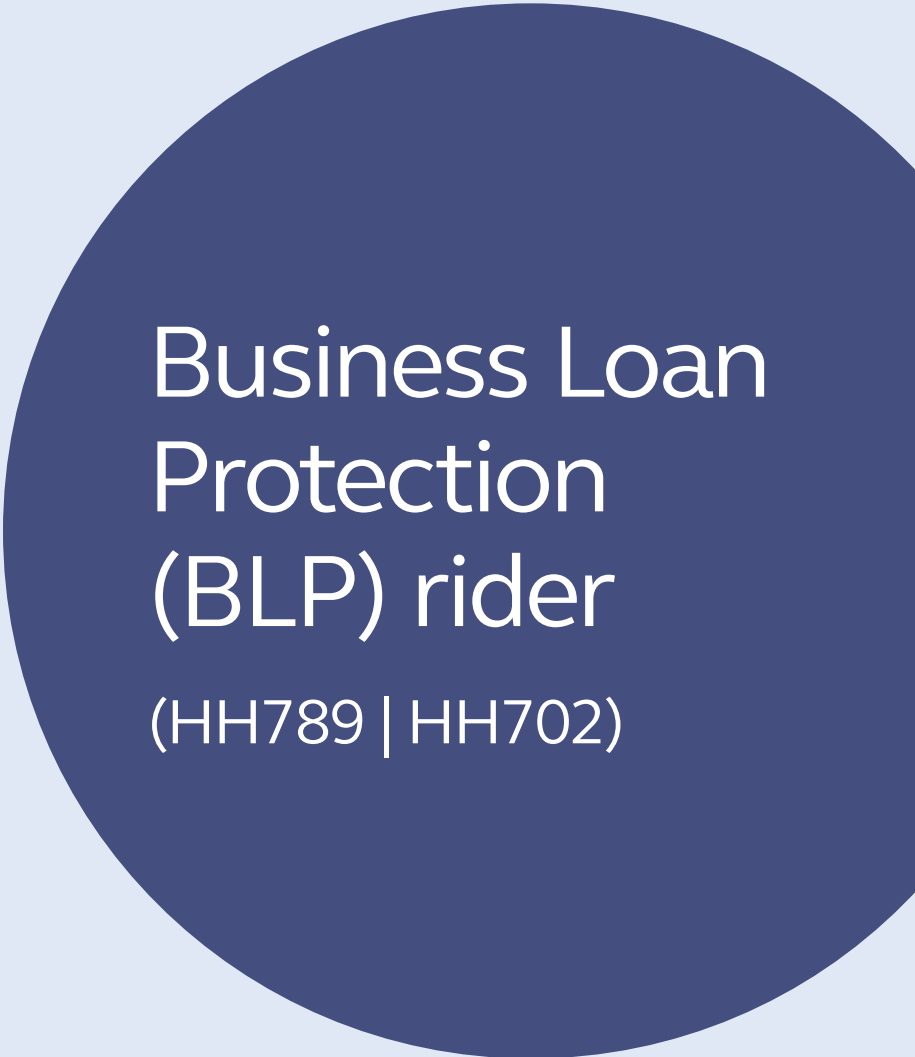

¹ Description and calculation may vary for HH702 policies.

² This includes any person capable of performing the same duties as the client. For example, a legal assistant is not considered to be in the same profession as an attorney. Note, however, that a legal assistant may be included as "any person responsible for the generation of income in the business."

Examples of expenses not covered

- **Conventions**
- **Cost of goods sold, merchandise or products**
- **Credit bureau collection.** Generally not covered—because if the insured is disabled, there should not be any current services being performed to warrant any current collection activities. This expense would normally only relate to income earned prior to disability (1-2 years from date of service).
- **Depreciation**
- **EKG service**
- **Entertainment**
- **Lab fees.** Expenses are usually passed on to the patient.
- **Loan to buy a business.** Not covered¹—this is a capital asset that is appreciating in value. Where business acquisition loans include equipment and other depreciable assets which are generally covered expenses, give the breakdown as to the percentage of the loan payment that applies.
- **Medical supplies/x-ray supplies**
- **Moving expenses**
- **OE premium**
- **Parking fees**
- **Past due bills.** Bills for expenses that were incurred prior to disability are not covered.
- **Personal taxes**
- **School loans**
- **Travel**

Business Loan
Protection
(BLP) rider
(HH789 | HH702)

Business Loan Protection (BLP) rider (HH789 | HH702)

Business Loan Protection (BLP) rider

- Cost rider.
- Occupation classes: All (3A and above preferred).
- Provides reimbursement for a monthly business-related loan obligation in the event of the insured's total disability. Items commonly covered, include:
 - Purchase of a practice or existing business.
 - Purchase of expensive equipment.
 - Expansion of the business or practice.
 - Facility renovations and improvements.
 - Purchase of a building used solely for the business.
- Elimination periods: 30, 60, 90, 180 and 365 days.
- The BLP termination date is based on the end of the financial obligation with a minimum of three years, up to a 30 year maximum, but it may not exceed the loan termination date or the age 65 policy anniversary of the Overhead Expense policy.
- This rider is not renewable beyond age 65.
- The maximum monthly benefit is based on the amount of the monthly loan payment, rounded up to the nearest dollar amount, not to exceed issue and participation limits.

¹ Balloon loans are written for a specific number of years, with a balloon payment at the end of the period. These loans may be amortized over a longer period of time. The BLP rider covers the amount of the payment for the contractual time period as stated in the loan agreement (minimum of three years) rather than the amortized payment over the longer time period.

² Variable interest rate loans can result in fluctuations in the monthly loan payment. The eligible monthly BLP amount is calculated using the lowest interest rate stipulated in the loan agreement.

BLP issue and participation limits

BLP maximum monthly and aggregate benefit issue and participation limits

Maximum monthly benefit issue limit	\$20,000
Maximum monthly participation limit	The amount of the monthly loan obligation
Maximum aggregate benefit issue limit	\$2,000,000
Maximum aggregate participation limit	The total aggregate loan obligation

Example 1: A client has a total aggregate loan obligation (including principal and interest) of \$2,000,000 and the loan has monthly loan payments of \$40,000 payable over 50 months. The client would be eligible for:

- \$20,000/month BLP and
- \$20,000/month with another carrier.

Example 2: If the total aggregate loan obligation (including principal and interest) is \$3,000,000 and the loan has monthly loan obligations of \$15,000 payable over 200 months, clients could choose to have their BLP rider have either a:

- \$20,000/month for 100 months (total payout of \$2,000,000) or
- \$10,000/month for 200 months (total payout of \$2,000,000)
- The balance of the monthly loan obligation or the total aggregate loan obligation could be funded with another carrier.

Types of covered loans

We will consider covering the following types of loan obligations in the event of a total disability:

- Balloon¹
- Term
- Variable rate²
- Commercial mortgage
- Lease financing
- Loans for working capital or increase in inventory

Types of loans not covered

- Investment¹
- Line of credit
- Credit card
- Revolving line of credit
- Interest only
- Family loan

 **Note:** Client can purchase an Overhead Expense insurance policy with a zero dollar benefit to obtain loan coverage with the BLP rider. No additional riders will be available.

State variation—FL, IL, NJ, NY, PA, TN, VA .

Not available—CA, MD.

¹ Investment loans are loans that are taken out solely to finance an investment. They are not eligible loans because the proposed insured is not actively working on a full-time basis in the business.

Loan documentation required

The following will serve as loan documentation:

- **Loan has closed:** Copy of executed loan agreement that has been dated, signed by all parties and includes the name of the borrower, name of lender, loan number, loan amount, amount of the monthly loan payment, date of the initial loan payment, duration of the loan and purpose of the loan.
- **Loan has not closed:**
 - Either of the following may be submitted— commitment letter, promissory note or letter or email from bank personnel.
 - Commitment letters and promissory notes should be dated and appropriately signed by all parties.
 - A letter or email from bank personnel should be dated, signed and contain the title of the bank personnel.
 - All should include the name of the borrower, name of the lender, amount of the loan, amount of monthly loan payment, projected initial loan payment due, duration of the loan, purpose of the loan and expiration date of the letter, note or offer.
 - If the expiration date has been reached the document is no longer valid and updates will be required.
 - If the loan has closed, a copy of the loan agreement should be submitted. If the loan has not yet closed, updated documents could be included with an updated commitment letter, promissory note or a letter/email from bank personnel providing updated details.
 - If there are any conditions listed in the document that must be met before the loan can be made, there needs to be a realistic expectation that the conditions can be met.

Disability Buy-Out (HH703 | HH794)

The objective of Disability Buy-Out (DBO) insurance is to provide funding for the purchase of a business owner's interest under a buy-sell agreement, by one or more other owners in the same firm, in the event of a long-term total disability.

Target market

- The best prospects for DBO are businesses with two or more owners who are full-time, active and key to the continuation of the business. A one person or single owner DBO is considered with the HH794 product under a One-Way Buy-Out concept (an industry game-changer!).
- DBO works best for small businesses rather than large ones, where the principals can more easily fill in if another principal becomes disabled.
- A three-person professional partnership, with equal ownership, is an example of an ideal DBO situation.

Other types of businesses are eligible, too. However, the ownership details and objectives of the buy-out must be looked at more closely. Where these factors are favorable, DBO cases between two or more non-related principals are generally good risks. Business owners with large differences in age may represent an uninsurable Disability Buy-Out risk.

There are additional guidelines when the buy-out is between close relatives because of possible anti-selection. Familial cases (spouses, parent-child) generally are not considered. Other family relationships (siblings, cousins, etc.) may be considered.

 **Note:** California business products differ and are not part of the Series 700 portfolio. DBO is not available in Massachusetts.

Buy-out methods

The client's attorney and/or financial advisor should assist the client in determining the appropriate buy-out method. The number of owners, their ages and desired tax results will all affect the decision on the structure of the agreement.

- Cross purchase, stock redemption and trustee buy-sell agreements are all eligible.
- Trustee buy-sell arrangements are also available for C corporation owners.
- Sample buy-sell agreements are available on advisors.principal.com.

 **Note:** A buy-sell agreement is not required in order to purchase DBO insurance (unless a One-Way Buy-Out agreement is established, page 6-13), but one must be in place at the time of a disability claim. In the state of New York, the buy-sell agreement must be in place before purchasing DBO insurance.

Occupation classes/policy forms

- Occupation classes: 6A¹, 5A, 5A-M, 4A, 4A-M, 3A, 3A-M, 2A and A.
- Premiums, benefits, and the availability of riders vary by occupation class. The premium class may be standard or an extra percentage of standard.
- The "M" subcategory (5A-M, 4A-M, 3A-M) is being used to cap the maximum issue and participation limit and may have additional requirements for optional riders.
- Policy Form: Disability Buy-Out HH703 (HH735 in NY) or HH794.

¹ The 6A occupation class is for Disability Buy-Out (HH794 policy) in approved states. In these states, the Select Occupation Discount is not available. For a complete listing of state approvals, visit principal.com/distateapprovals.

Premium rates

- Premiums are dependent on many factors age, occupation class, tobacco status, benefit factor, elimination period, termination date, riders, features and others.
- Minimum annual premium required: \$200 (pre-discounted).
- Minimum earned income is \$15,000/year as indicated on federal tax returns. Verification of personal earned income is not required unless requested by your DI underwriter.
- Policies issued with gender-specific rates.

	Single-Life	Multi-life
Disability Buy-Out	gender-specific ¹	gender-specific ¹

¹Written state of Montana requires gender-neutral rates.

- ✓ **Tip:** Leverage the illustration system to automatically calculate premiums.

Eligible discounts²

Discounts are not available in all states, are not all stackable with each other and may require pre-approval. Certain guidelines and restrictions may apply.

- 10% Association
- 20% Multi-life
- 5% Preferred Business Owner (HH794 only)
- 10% Select Occupation (HH703 only)

² See page 8-4 (Multi-life), 11-2 (Association), 12-5 (Select Occupation), 6-9 (Preferred Business Owner).

Issue ages

- Issue ages: 18-60 (18-55 for One-Way Buy-Out—HH794 only).
- Issue age has a direct impact on the premium paid for coverage.
- Older the client, the higher the premium; use age as of last birthday.
- Backdating to save age is allowed for a maximum of 30 days prior to the application date.

Elimination periods

- The elimination period (commonly referred to as a “waiting period”) is the number of days the insured must wait before benefits begin to accrue.
- Benefits are paid one month after satisfying a policy’s elimination period.
- Elimination periods: 365, 540, 730 days.
- ✓ **Tip:** When combining Overhead Expense (OE) insurance with Disability Buy-Out (DBO) insurance, recommend the client matches the OE benefit period to the DBO elimination period when possible.
- ✍ **Note:** The shorter the elimination period, the higher the premium.

Termination dates

The termination date is the date DBO coverage is provided through. Available termination dates:

- To age 65 policy anniversary
- To age 67 policy anniversary (HH794 only)

Payment methods

There are three payment methods available:

- Lump sum
- Monthly installment
- Combination of lump sum and monthly installment

Benefit factors available on the monthly installment and combination payment methods are 24, 36 and 60 times.

The benefit factor multiplied by the maximum monthly benefit equals the maximum aggregate benefit. The maximum aggregate benefit is the maximum amount payable for any total disability.

Policy description (HH703 | HH794)

This policy description is a general summary. All features, provisions and riders may not be available in all states and may be subject to state variations. Refer to your state policy and rider forms for the full definition of all policy provisions, benefits, limitations and exclusions.

Renewability

- Renewable to age 65 or to age 67.¹
- During the term of the policy, and while this policy is in force, we cannot change the policy or change the premium rate.
- The term of the policy continues until the earliest of the:
 - Insured’s age 65 or 67¹ policy anniversary; **or**
 - Date the insured terminates active full-time employment with the firm for any reason other than total disability; **or**
 - Date the buy-sell agreement is terminated or executed; **or**
 - Date the maximum aggregate benefit or the final buy-out expense payment is paid; **or**
 - Date of the owner’s written request to terminate the policy; **or**
 - End of the grace period; **or**
 - Death of insured or owner:
 - 1) Date the owner no longer has ownership interest in the firm; **or**
 - 2) Date the owner terminates active full-time employment with the firm.

HH703 state variation—NY.

HH794 state variation—VA.

Not available in the written state of MA.

¹Available in approved states for policy series HH794.

Definition of total disability

When due to injury or sickness, the insured:

- Is unable to perform the substantial and material duties of his or her occupation,
- Is not working in any other occupation for the firm, and
- The requirements of the claim information section of the policy are satisfied.

HH794 State variation—MO, MD, VA.

Benefit payable (HH703)

Benefit will become payable to the owner the later of the end of the elimination period or the date a buy-out expense is incurred if:

- The insured incurs a total disability while engaged in active full-time employment in the firm;
- The insured has an ownership interest in the firm when the buy-out expense is incurred;
- The owner incurs a buy-out expense in performance of the terms of the buy-sell agreement that is in force at the time the total disability begins; **and**
- The requirements of the claim information section of the policy are satisfied.

We will refund any excess premium paid for the 12 months prior to the date of total disability if the total buy-out expense amount incurred is less than the benefits shown on the current data pages.

We will waive the requirements of total disability during the Insured’s lifetime after a payment of a buy-out expense benefit has been made.

If the insured has buy-out expense coverage with another company in effect at the time of total disability, the benefits of this policy will be adjusted to a proportion equal to the percentage this policy’s benefits bears to the total amount of buy-out expense coverage. The total benefits provided by this policy and any other buy-out expense coverage in effect at the time of total disability will not exceed the total buy-out expense incurred.

After age 61, benefits are reduced as follows:

Age when disabled	Maximum benefit
Under 61	100%
61-62	80%
62-63	60%
63-64	40%
64-65	20%
Over 65	0%

HH703 State variation—NJ, NY.

Benefit payable (HH794)

Benefit will become payable to the owner the later of the end of the elimination period or the date a buy-out expense is due if:

- The insured becomes totally disabled while engaged in active full-time employment in the firm; **and**
- The insured has an ownership interest in the firm when the buy-out expense is due; **and**
- The owner is responsible for a buy-out expense in performance of the terms of the buy-sell agreement that is in force at the time the total disability begins; **and**
- The owner is engaged in active full-time employment for the firm; **and**
- The requirements of the claim information section of the policy are satisfied.

We will refund any excess premium paid for the 12 months prior to the date of total disability if the total buy-out expense amount incurred is less than the benefits shown on the most recently issued Data Pages.

We will waive the requirements of total disability during the insured's lifetime after a payment of a buy-out expense benefit has been made.

If the Insured has buy-out expense coverage with another company in effect at the time of total disability, the benefits of this policy will be adjusted to a proportion equal to the percentage this policy's benefits bears to the total amount of buy-out expense coverage. The total benefits provided by this policy and any other buy-out expense coverage in effect at the time of total disability will not exceed the total buy-out expense due.

After age 61, benefits are reduced as follows:

Age when disabled	Maximum benefit
Under 61	100%
61-62	80%
62-63	60%
63-64	40%
64-65	20%
Over 65	0%

After age 63 on an Age 67 policy anniversary policy:

Age when disabled	Maximum benefit
Under 63	100%
63-64	80%
64-65	60%
65-66	40%
66-67	20%
Over 67	0%

Full benefit continuation (HH794)

If the client chooses the **full benefit continuation** (cost) feature, the benefits available if the insured becomes disabled within five years of the termination of coverage are not reduced.

This feature is available for those who are insured and under age 55 at time of purchase.

Exclusions and limitations (HH794)

This policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed by, or which results from:

- Intentional, self-inflicted injury; **or**
- The insured's commission of or attempt to commit a felony or the insured's involvement in an illegal occupation or activity; **or**
- The suspension, revocation or surrender of the insured's professional or occupational license or certification; **or**
- Active military service during a military action or conflict; **or**
- Loss we have excluded by name or specific description in any attached rider or endorsement.

No benefits are payable for any period of total disability in which the insured is incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.

No claim for total disability or loss which begins within two years after the effective date of coverage and results from a pre-existing condition not disclosed or misrepresented in the policy application will be paid.

If the insured is residing or staying outside the U.S. during any period of total disability, additional requirements are applicable:

- Evidence submitted for the claim will be required to be translated by the U.S. embassy and contain their seal.
- The insured may be required to return to the U.S. at a frequency we deem necessary to substantiate the claim at his or her or the owner's expense.
- The insured or owner must notify us in advance of the insured's return to the U.S. and the change of address.

There may be other exclusions or limitations in the policy in addition to those stated above. Additional exclusions or limitations, if any, will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.

Death benefit

- Pays a lump sum benefit of two times (three times for policy series HH794) the maximum monthly benefit if the insured dies after satisfying the elimination period while monthly benefits are being paid.
- Benefit is payable in addition to any other policy benefits.
- This benefit is not available with the lump sum payment method and is restricted in some states.

HH794 State variation—GA, KS, LA, MD, MN, SC.

HH794 Not available—IL, NJ.

Exchange privilege

- On or before age 60, the Insured may exchange the policy for any individual Disability Income policy based on our then current underwriting guidelines, without medical evidence of insurability.
- The new policy will:
 - Not feature a maximum benefit period more than two years and the elimination period will be 90 days or greater.
 - Have a maximum monthly benefit lesser of \$2,500 or the maximum amount we are willing to offer under our current underwriting guidelines.
 - Contain any exclusions, rating, or limitations contained in the current DBO policy.

HH703 Not available—NY.

HH794 State variation—MI.

Legal/accounting fee benefit

- Provides the owner up to a maximum of \$3,000 in legal and accounting fees if such fees are incurred in performance of the buy-sell agreement as a result of the Insured's total disability.
- Benefit payable in addition to the maximum aggregate benefit.

Military suspension

- Suspends the policy if the insured enters the military service on a full-time active-duty basis.
- No premium is due during the service and no policy benefits are provided during that time.
- The policy can be restored (same as before the suspension), if:
 - Active duty ends within five years of the suspension; **and**
 - The owner requests the suspension to end within 180 days of the end of service.

HH794 State variation—IL, MD, NJ, VA.

Reinstatement

- Allows the policy to be reinstated anytime within one year after its termination, subject to our then current underwriting guidelines.
- A formal reinstatement application may be required.
- A reinstated policy covers disabilities from a sickness that first manifests itself more than 10 days after reinstatement date, or an injury occurring after the reinstatement date.

HH794 State variation—IL, IN, KY, MD, MN, NE, NJ, SC, VA, WI.

Transfer privilege

On or before age 60, the Insured may become the insured under any form of buy-out policy available without medical evidence of insurability if:

- The policy has been in force for at least two years; **and**
- The policy terminates because the insured ends active full-time employment with the firm; **and**
 - The insured starts active full-time employment for another firm in which the insured has an ownership interest; **and**
 - The insured is not totally disabled and is not receiving benefits under the policy.

Underwriting requirements, other than medical, must be met. The benefit limits of the new policy cannot be greater than those provided by the current policy, and will contain any exclusions, rating, or limitations contained in the current DBO policy.

HH703 Not available—NY.

HH794 State variation—MI.

Waiver of premium benefit

If insured is disabled, after the lesser of 90 days or the elimination period, we will:

- Refund the monthly pro-rata portion of any premium paid for coverage after the date a continuous disability began; **and**
- Waive the payment of premiums which come due during the continuous disability.

Premium payments will begin on the next premium due date after the insured is no longer receiving benefits under this policy or the disability ends.

Exclusions and limitations (HH703)

- This policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed by, or which results from:
 - Intentional, self-inflicted injury; **or**
 - Your commission of or your attempt to commit a criminal act, or your involvement in an illegal occupation or activity; **or**
 - The suspension, revocation or surrender of your professional or occupational license or certification; **or**
 - Active military service during a military action or conflict.
- No benefits are payable for any period of disability in which you are incarcerated in a penal or correctional institution for a period of 30 consecutive days or longer.
- A sickness resulting from normal pregnancy will be covered if the elimination period is equal to or greater than 90 days.

There may be other exclusions or limitations in the policy in addition to those stated above. Any additional exclusions or limitations (if any) will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.
HH703 State variation—ID, MT, NY, PA, UT, VT.

Preferred Business Owner Discount (HH794)

- Available in approved states for HH794 policy.
- 5% discount on DBO insurance when the owner buys or has other IDI insurance from Principal in place.
- Stackable with either the multi-life or Association Discount.¹

¹See page 8-4 (multi-life) and 11-2 (Association).

Benefit Update

Benefit Update (BU)/BU Valuation²

- No cost rider on all standard premium policies.
- Allows owner to purchase increased policy benefits every three years without evidence of insured's medical insurability.
- Occupation classes: All (if at least 75% of eligible coverage is purchased at issue).
- Issue ages: 18-55.
- Policy benefits can increase every three years without medical evidence of insurability.
- An advance option is available for the HH794 policy when the owner has a 20% increase in the buy-out expense since the last review.

At three year intervals beginning with the policy date, Principal sends the owner correspondence regarding the opportunity for an informal business valuation and benefit (BU) review.

- The owner must return a complete application and financial documentation.
- There is **no cap** (or age restrictions) for benefit increases up to maximum issue and participation limits. A competitive advantage.
- At each BU option, the owner must accept a minimum of 50% of the additional DBO benefit offered or the rider will be removed from the policy.

Producers are kept up-to-date with correspondence through the IDI Benefit Update Activity Report available on our advisor website.

A weekly e-mail notification is sent (prompting login) when there is any BU activity on your in-force book of business.

365 days	1,750,000	1,500,000	1,250,000	1,250,000	500,000
540 days	2,000,000	1,500,000	1,500,000	1,500,000	750,000
730 days	2,500,000	1,500,000	1,500,000	1,750,000	1,000,000
Elimination period	Monthly benefit factor 60				
365 days	2,000,000	1,500,000	1,250,000	1,500,000	500,000
540 days	2,500,000	1,500,000	1,500,000	1,750,000	750,000
730 days	3,000,000	1,500,000	1,500,000	2,000,000	1,000,000

Note: When a combination of lump sum and monthly payments is desired, the aggregate benefit limit (lump sum plus monthly payments) is the maximum issue and participation limit for the monthly benefit factor selected. The lump sum amount of the combination cannot exceed the lump sum limit for the selected elimination period and occupation class.

Example: A combination of lump sum with a 365 day elimination period and a benefit factor of 24 is desired by two optometrists (6A²) with an aggregate benefit of \$1,750,000 each (the business valuation equals \$4,000,000).

The maximum issue and participation limit (per the table) is \$1,750,000. Of this amount, each optometrist may have any number of combinations, as long as the lump-sum amount does not exceed \$1,500,000.

For Benefit Update or Benefit Update Valuation offers, the maximum issue and participation limit is based on the current limit of the insured's current occupation.

¹Guidelines differ for One-Way Buy-Out.

²Available in approved states for the HH794 policy.

Financial verification requirements

Documentation for business valuation is required for:

- Any application not using Part B phone or online.
- If over age 50.
- If benefit amount applied for is more than \$360,000 total aggregate benefit, regardless of age.

The required documentation is:

- Profit and loss (income) statement year-to-date.
- Past two years business federal income tax return.
- Current balance sheet.

General guidelines

- Contact your DI underwriter for businesses valued over \$20 million to review unique risk characteristics.
- Closely-held family businesses involving siblings or cousins are typically eligible for DBO. However, due to the increased risk of anti-selection associated with family relationships, husband-wife and parent-child businesses are not considered.
- The insured may not be the owner of the policy.
- If the proposed insured is overinsured for personal Disability Income insurance, Disability Buy-Out coverage is not available because there is less incentive to return to work (e.g. claim duration might be longer than otherwise be expected).

Number of business owners

Minimum number of business owners required: 2 (in most cases).

- Insurable DBO cases need to represent an arms-length transaction between **two or more** current, full-time, active owners of the business.
- Businesses which have more than one owner, but which desire DBO on only one owner, are not eligible because of an increased element of anti-selection.
- Single person or sole business owners are eligible when an established agreement is in place to fund a One-Way Buy-Out agreement (HH794 only). See page 6-13 for details.

Occupation classes	Maximum number of business owners
6A ¹ , 5A, 5A-M, 4A and 4A-M	10
3A, 3A-M and 2A	8
A	6

Additional considerations:

- Business owners with at least 5% ownership interest in the business are eligible if there are at least four active owners and no one owner has more than 80% ownership interest; otherwise, 10% ownership is required.
- Business owners must be actively working on a full-time basis for the business named in the application.
- All eligible owners of the business must apply for coverage in the same proportion as their business ownership.
- The insured may not be the owner of the policy.

Minimum number of years in the business:

- Service professionals (i.e., M.D., CPA, attorney)—1 year
- Other business owners—3 years

¹Available in approved states for the HH794 policy.

Business valuation

The underwriter's purpose in evaluating the DBO risk is to determine if the amounts applied for are reasonable in relation to the value of the business.

- This is the most important process of underwriting Disability Buy-Out coverage.
- The process is not an exact science; rather, it is based on the underwriter's assessment of economic and financial conditions, industry and market data, financial condition of the business being insured and common sense.
- The underwriter is not acting as a business appraiser or attempting to establish a true market value or sale price for the business.
- The process is comparable to the valuation conducted by a bank during a mortgage application.
 - As part of the mortgage process, the bank conducts an appraisal (valuation) of the property involved.
 - The bank is not looking to set a sale price for the property but simply to determine a reasonable value in the event of a forced sale during a foreclosure.
 - The Disability Buy-Out valuation follows a similar course by attempting to assess a reasonable value for the business in the event of a forced sale resulting from the disability of a shareholder.
- ✓ **Tip:** Don't forget, Principal offers complimentary business planning services for owners, including buy-sell reviews and informational business valuations. These informal business valuations conducted by Principal can be used in the underwriting process.

Valuation Definitions

Valuation. A multiple of the earned income of all of the owners plus book value. To determine the value of a business, it is important to have an understanding of the following definitions:

- **Book value (net worth).** Total assets minus total liabilities at the beginning of the year underwriting reviews. This information is found on the balance sheet.
- **Goodwill.** An intangible asset of a business (i.e., customer list, location, reputation) which is generally not carried on the balance sheet but is a factor in the business valuation. The factor typically ranges from 1-5. The majority of businesses use a factor of 2-3.

Valuation method

The following method is used to determine business valuation for DBO insurance purposes.

100% owner's salary + business profit x goodwill multiplier¹ + book value = DBO business value.

Example: An architecture firm with two owners and total owner compensation of \$200,000; business profit of \$100,000 and book value of \$150,000.

$(200,000 + 100,000) \times 3^1 + 150,000 = \$1,050,000$

$\$1,050,000 / 2 \text{ owners} = \$525,000 \text{ of DBO insurance per owner}$

¹ The multiplier selected in all scenarios should be based on the overall factors of the case, i.e., earnings trends, number of years in the business and the nature of the business.

One-Way Buy-Out (HH794)

The objective of the One-Way Disability Buy-Out (DBO) is to provide the key employee the ability to fund the buy-sell agreement with the owner of the business in the event of the business owner's long term total disability. Principal is the only IDI insurance carrier to offer this solution.

Target market

Sole proprietorships are a popular business structure in the U.S. and span a range of industries—from construction to retail to professional services. We recommend targeting:

- Professional service-related companies, such as architecture, healthcare systems, law, dentistry, engineering, accounting and technology.
- Profitable, growing businesses with gross revenues of \$500,000 or more

Buy-out methods:

- Cross purchase
- Purchase or sale agreement

Occupation classes: All

Issue ages: 18—55 (owner and insured)

Maximum aggregate benefit: \$1,000,000

Financial Documentation:

- Prior 2 years federal business tax returns
- Current year-to-date profit and loss statement and balance sheet for the firm

Agreement Documentation:

- Cross purchase is the type of buy-sell agreement required.
- The buy-sell agreement must be in place at the time of application and be reviewed through our business and advanced solutions team.

 **Note:** There are different requirements and underwriting limits for the One-Way Buy-Out, but the HH794 policy premium rates and features remain the same.

Key Person Replacement (HH772)

The objective of key person Replacement (KPR) insurance is to provide a benefit to the owner (employer) if the key person (insured) becomes totally disabled. The policy is designed for minority or non-owner employees who earn \$30,000 or more a year and who are critical to the success of the business. Key person coverage provides a lump-sum benefit with the ability to add on a monthly benefit for a period of time before the lump sum is paid. Not all benefits or features are available in all states or to all occupation classes.

Not available—CA, FL, MT, NY, VT.

Occupation classes

Occupation classes: 5A, 5A-M, 4A, 4A-M, 3A and 3A-M.

Premiums and benefits vary by occupation class. The premium class may be standard or an extra percentage of standard.

Premium rates

- Premiums are dependent on many factors: age, occupation class, tobacco status, elimination period, benefit amount and others.
- All Key Person Replacement policies are issued with gender-specific rates. Except in written state of Massachusetts (gender-neutral rates required).
- Minimum annual pre-discounted premium is \$200 (required).
- Premium quotes are available through the illustration system.

Payment methods

There are two payment methods available:

- **Lump sum.**
- **Combination of monthly installments and lump sum.**

If the combination of monthly installments and lump sum is chosen, the monthly benefit will be paid for the period between the monthly elimination period and the lump-sum elimination period.

Issue ages

- 18-55 for single-life.
- 18-60 for multi-life.
 - Issue ages 56-60 require at least three KPR policies to qualify for multi-life discount.
 - If you do not have at least three KPR lives for the multi-life case, the maximum issue age is 55.
 - The majority of individuals being covered with policies should be under the age of 55.
- Issue age has a direct impact on the premium paid for coverage.
- Older the client, the higher the premium; use age as of last birthday.
- Backdating to save age is allowed for a maximum of 30 days prior to the application date.

Elimination periods

- The elimination period is the number of days the insured must be disabled and the owner waits before benefits begin to accrue.
- The owner will receive benefits one month after the elimination period is satisfied.
- The lump-sum benefit is payable after the elimination period is satisfied.
- Elimination periods:
 - Monthly benefit—90 and 180 days.¹
 - Lump sum benefit—180, 365 and 730 days.
- ✓ **Tip:** The shorter the elimination period, the higher the premium.

¹ If applying for both monthly and lump-sum payouts, the elimination period on the monthly benefit must be less than the elimination period on the lump-sum benefit.

Policy description (HH772)

This policy description is a general summary. All features and provisions may not be available in all states and may be subject to state variations. Refer to your state policy form for the full definition of all policy provisions, benefits, limitations and exclusions.

The term of the policy continues until the earliest of the:

- Insured's age 65 policy anniversary; **or**
- Date the insured terminates the key person occupation or actively working full-time for any reason other than disability; **or**
- Date the maximum lump-sum benefit is paid; **or**
- Date of the owner's written request to terminate the policy; **or**
- End of the grace period; **or**
- Death of Insured.

Renewability

- Continuable to age 65.
- May be terminated based on the termination provision.
- During the term of the policy and while this policy is in force, we cannot change the policy or the premium rate.

Definition of total disability

The insured is considered totally disabled when due to injury or sickness, he or she:

- Is unable to perform the substantial and material duties of his or her key person occupation; **and**
- Is not working in any other occupation which is comparable by duties and/or earnings for the firm; **and**
- The requirements of the claim information section of the policy are satisfied; **and**
- There must be no reasonable job or work site modifications which would allow the Insured to work in the key person occupation.

State variation—MO, NJ, VA.

Benefit payable

- Becomes payable to the owner at the end of the lump-sum elimination period.
- The maximum monthly benefit will start to accrue at the end of the monthly elimination period if applicable, providing:
 - A disability occurs while the insured is actively working full-time for the owner of the policy; **and**
 - A disability begins on or after the effective date of the policy and while the policy is in force and subject to the policy provisions; **and**
 - The requirements of the claim information section of the policy are satisfied.

Military suspension

- Policy is suspended if the insured enters the military service on a full-time basis. No premium is due during the service and no policy benefits are provided during that time.
- Policy may be restored if active duty ends within five years of the suspension.
- Reinstatement must be requested by the owner with payment of premium within 180 days of the end of service.

State variation—IN, MD, NJ, PA, TN.

Reinstatement

- Policy can be reinstated anytime within one year after its termination.
- An application and evidence of insurability under our then current underwriting guidelines may be required.

State variation—LA, MN, NH, NJ, NM, PA, SC, SD, TN, VA, WI.

Waiver of premium benefit

If insured is disabled for the elimination period, and the requirements of the claim information section of the policy are satisfied, we will:

- Refund the monthly pro-rata portion of any premium paid for coverage after the date disability began; **and**
- Waive the payment of premiums which come due during the disability.

The waiver of premium benefit will end when the insured is no longer disabled or the policy is terminated under the termination provision of the policy.

Exclusions and limitations

This policy does not pay benefits for injury or sickness which in whole or in part is caused by, contributed to by, or which results from:

- The suspension, revocation or surrender of your professional or occupational license or certification; **or**
- Active military service during a military action or conflict; **or**
- Loss we have excluded by name or specific description in any attached rider or endorsement.

There may be other exclusions or limitations in the policy in addition to those stated above. Any additional exclusions or limitations (if any) will be described in riders or endorsements attached to the policy. Examples include, but are not limited to Modified Coverage rider, Additional Exception riders, etc.

State variation—ID, NJ, SC, VA.

Pre-existing condition limitation

We will not pay any claim for a disability or loss which:

- Begins within two years after the effective date of coverage(s); **and**
- Results from a pre-existing condition which was not disclosed or was misrepresented in the policy's application.

Pre-existing condition means a condition:

- For which medical treatment, testing or medication was recommended by a doctor or received from a doctor within the two-year period prior to the effective date of coverage(s); **or**
- Which has caused symptoms within the two-year period prior to the effective date of coverage(s) that would cause an ordinarily prudent person to seek diagnosis, care or treatment.

State variation—DC, ID, KY, MA, ND, NJ, NM, NC, PA, SC, SD, VA.

Underwriting Guidelines

Maximum issue and participation limits

Maximum issue and participation limit for monthly payout, all occupation classes, is \$20,000.

Monthly and lump-sum benefits will be directly off set, dollar for dollar, with other in-force key person coverage.

Combination of monthly and lump sum

- The maximum monthly benefit allowed is based on the insured's earned income, using the same rules and calculations and issue limits used when applying for individual Disability Income (DI), based on the DI issue and participation (I&P) limit individual pay table (see page 1-26) times three, not to exceed \$20,000/month.
- Lump sum amount will be calculated by taking earned income times three minus maximum monthly benefit times the benefit period; lump sum not to exceed \$500,000.
- Total of lump sum and monthly benefits not to exceed \$750,000.

Example: A combination of lump sum and monthly benefit is desired with an annual salary of \$250,000.

\$250,000 times three equals \$750,000.

90-day elimination period on monthly benefit and 365-day elimination period on lump sum equals 270 days (or nine months).

DI I&P-individual pay amount is \$11,910/month times three equals \$35,730. Since that exceeds the limit, the maximum monthly benefit is \$20,000.

\$750,000 minus \$180,000 (\$20,000 times nine months) equals \$570,000, which is more than \$500,000 so use \$500,000.

Benefits would be \$500,000 lump sum and \$20,000/month.

Lump sum only

- Earned income times three.
- Not to exceed the maximum limit of \$500,000.
- Minimum lump sum limit of \$5,000.

Example 1:

Earned income of \$150,000.

\$150,000 times three equals \$450,000, which is less than the \$500,000 maximum benefit, so use \$450,000.

Example 2:

Earned income of \$300,000.

\$300,000 times three equals \$900,000, which is greater than the \$500,000 maximum benefit, so use \$500,000.

Financial verification requirements

Minimum earned income is \$30,000/year as indicated on federal tax returns. Verification of personal earned income is:

- **Employee.** Same documentation as required for individual Disability Income, including third party verification of salary and bonus, but not a letter from the employer. (May include a payroll census or letter from Human Resources or Payroll department.)
- **Owner.** Same as required for individual Disability Income; see pages 1-20 to 1-21 for requirements based on business entity owned.

Key person coverage will not impact the insured's issue and participation limits for personal disability coverage issued with us, unless he/she is overinsured for key person coverage or is using an individual DI policy to fulfill a key person need. If the insured key person is significantly over-insured for any other disability product, he/she is not eligible for the requested key person coverage.

Monthly and lump-sum benefits will be directly offset, dollar for dollar, with other in-force key person coverage.

General guidelines

To be eligible, the insured:

- Must have an employee relationship or be an actively working owner; **and**
- Cannot own more than 50% of the business¹
- Can only be insured as a key person under one business entity; **and**
- Cannot be a government employee; **and**
- Cannot be in seasonal employment
- Must be actively working full-time in the key person position (at least 30 hours per week); **and**
- Must be a business in operation one year for fee-for-service and three years for others (if insured is an owner).
- Must be employed in the key person position for 12 months; **and**

Ownership. The owner of the policy must be the business and only one owner is allowed. The owner may not be the Insured.

Change of Ownership. The owner cannot be changed to an individual or the insured.

Payment of Benefit. The benefit will be paid to the owner (business) and may not be assigned to the insured.

¹ Limiting the ownership interest to 50% reduces the risk of over-insurance to a controlling owner, as those owners still generally are eligible for Disability Income, Business Overhead and Disability Buy-Out coverage. The purpose of key person coverage is to protect the profits of the business rather than to protect the income replacement of key individuals.

Multi-life
opportunities

Multi-life opportunities

Offering individual Disability Income (DI) insurance at the worksite is a valuable employee benefit. Principal offers discounts and a variety of underwriting programs to help design a benefit program that is ideal for the employer's unique situation. And, employee's benefit from quality coverage that is **fully portable** (with the discount, too).

Plus, in some cases, employer involvement isn't required—and everyone can still benefit from our 20% multi-life discount. This discount is available when three or more employees with a common employer purchase coverage from the same financial representative (see page 8-4 for more details).

Target market

Business owners and employers with 3 or more employees.

Underwriting options

Employer- or employee-pay options available:

- Fully underwritten
- Guaranteed standard issue (GSI)
- Fallback GSI
- Simplified multi-life (see Section 9 for details)

Fully underwritten

- Offers the most comprehensive protection options, but also requires each policy to be underwritten and evaluated according to required medical and financial criteria.
- Maximum issue and participation (I&P) limits available.
- All riders available based on current underwriting guidelines and state availability.
- Number of lives: At least three employees with a common employer to receive multi-life discount and guidelines.
- Must be working at least 20 hours per week at that employer.
- Issue ages: 18-64 (issue ages 65-70 may be available with underwriting approval, and the Conditionally Renewable Policy rider is approved in your state).
- Occupation classes: All.
- Gender-specific rates will be used for health care related occupations. This includes physicians, dentists, veterinarians, optometrists, and all other occupations lists as -M or medical related in the Occupation Class Schedule section.

- Can be voluntary or employer-paid.
- Discounts¹:
 - 20% multi-life (employer and resident options)
 - 10% Select Occupation.
 - Up to 10% Mental/Nervous & Substance Abuse (MNSA).

 **Note:** Discounts may be stacked.

¹ See page 1-15 (MNSA), page 8-4 (Multi-life) or page 12-5 (Select Occupation) for guidelines.

Guaranteed Standard Issue

- Home office approval and employee census are required.
- Provides standard coverage for the entire group with virtually no medical underwriting, and discounts are offered based on the number of participating lives—up to 30% for 100+.
- The proposed insured must be actively at work in his/her current job for 180 consecutive days without medical restrictions, reduced hours, or modified work duties prior to application.
- If the insured has missed more than five days of work because of a medical condition, he or she is subject to being removed from the GSI offer and subject to regular underwriting guidelines.
- Issue ages: 18 to 64.
- Number of Lives:
 - Employer-paid: 10.
 - Employee-paid: 15 participating lives and a minimum 30% participation.
- Occupation classes: 3A and above.
- Can be voluntary or employer-paid.
- Available riders—Cost of Living Adjustment and Conditionally Renewable Policy; additional riders

may be available based on Underwriting approval.

- Renewability—Available annually at employer request and Principal approval.
- Rates—Resident GSI/fall-back cases will be issued with gender-specific rates.
- Discounts¹:
 - 20% multi-life for 10-49 participating lives.
 - 25% multi-life for 50-99 participating lives.
 - 30% multi-life for 100+ participating lives.
 - 10% Select Occupation.
 - Up to 10% Mental/Nervous & Substance Abuse (MNSA)

 **Note:** Discounts may be stacked.

¹ See page 1-15 (MNSA), page 8-4 (Multi-life) or page 12-5 (Select Occupation) for guidelines.

Fallback GSI program

- Combines the advantages of receiving the maximum individual Disability Income (DI) insurance benefits with the safety net of receiving GSI benefits, if an underwriting concern arises.
- Typical fallback GSI offers range from \$2,500 to \$7,500 based on total premium and the number of lives.
- Cases must be discussed with a multi-life underwriter in order to get the final fallback GSI offer.
- Issue ages: 18 to 64.
- Issue limits:
 - Fully underwritten: maximum issue and participation limits.
 - Fallback GSI: Up to \$5,000/month based on total premium and the number of lives.
- Minimum number of lives:
 - Employer-paid cases: 8.
 - Employee-paid cases: 15 participating lives and a minimum 20% participation.
- Occupation classes: 3A and above. Gender-specific rates will be used for health care related occupations. This includes physicians, dentists, veterinarians, optometrists, and all other occupations lists as A-M or medical related in the

Occupation Class Schedule section.

- Available riders:
 - Fully underwritten: All.
 - GSI/Fallback: Cost of Living Adjustment and Conditionally Renewable Policy; others may be available based on underwriting approval.
- Renewability—Available annually at employer request and Principal approval.
- Rates—Resident GSI/fall-back cases will be issued with gender-specific rates.
- Discounts¹:
 - 20% multi-life for 8-49 participating lives.
 - 25% multi-life for 50-99 participating lives.
 - 30% multi-life for 100+ participating lives (not available for employee-paid cases).
 - 10% Select Occupation.
 - Up to 10% Mental/Nervous & Substance Abuse (MNSA).

 **Note:** Discounts may be stacked.

How it works

- Principal may conduct routine medical and financial underwriting on all eligible employees based on census information. Attending physician statements may be required.
- If a health concern is identified during underwriting, instead of rating, riding or declining the case, Principal provides fallback GSI benefits to that employee.

Example

A group of eight attorneys (100% participation) all qualify for a \$10,000 monthly Individual DI insurance benefit with a total case premium of \$35,000. Assuming all attorneys apply for the maximum, Principal would offer a guaranteed monthly “fallback” benefit of at least \$4,000 a month GSI to anyone not qualifying for standard coverage.

¹ If a single-life case is submitted and during the following year applications for at least two additional employees from the same employer group are submitted, all three would be eligible for the Multi-Life discount. The first policy issued would be adjusted and the discount and rates, if applicable, would be effective as of the adjustment date.

Multi-Life (employer) discount guidelines

The Multi-Life discount is a 20% discount that is available on DI, OE, DBO and KPR:

- Qualification for the discount is three or more employees with a common employer who purchase any combination of individual disability insurance from the same financial representative.¹
- Eligibility for this discount requires the proposed insured still be employed by the company/organization on the day the policy is issued and placed in-force. This includes the completion and submission of any amendments, exclusion riders, money or any other delivery requirement.

 **Notes:** The Multi-Life discount is not available for Key Person Replacement, Overhead Expense and Disability Buy-Out policies written in Ohio. This includes any Multi-Life discount given for fully underwritten, Simplified Multi-Life and Guaranteed Standard Issue cases. Policies taken on these products will not count towards the three lives qualification for multi-life in Ohio.

Multi-life Resident discount guidelines

The multi-life Resident discount is a 20% discount that is available for individual Disability Income (DI) (HH750).

- Based on gender-specific rates.¹
- For medical and dental residence/fellows/interns/students.
- Discount based on gender-specific rates.
- The occupation class is based on the declared specialty. If it has not be declared, then coverage will be considered at 3A-M occupation class.
- Must be applying for DI coverage between Jan. 1 and Sept. 30 of their graduation year to qualify for medical guidelines below.²

Application process

- Complete the new business application and request the Part B.
 - Note on the Producer Report that it's part of the medical resident program.
 - No lab tests are required (no blood or urine).
 - The benefit limit is either:
 - The appropriate Select Professional limit for the doctor's situation and specialty;
- or**
- If residents have a signed employment contract, they can apply for the full issue and participation limits. Financial underwriting using the employment contract is required.

Post-graduation options

If medical residents have a job or employment contract—and already have DI coverage with Principal—they can apply for an:

- **Adjustment application without lab tests.** The Part B is still acceptable for 180 days. This saves the Advanced Benefit Update (BU) for future use, which has these benefits:
 - Insured residents still have three years to use the BU opportunity.
 - They can gradually increase their coverage as their lifestyle changes, rather than making a dramatic increase in monthly benefits at once.
- **Advanced BU without lab tests.** Insured residents are eligible for the full issue and participation limit available for their new income level. But they must accept at least 50% of this full offer or lose all future BU opportunities.

For more information on the issue & participation limits for graduating residents, see page 12-3.

¹ Except in MA and MT.

² Contact your Underwriter for eligibility outside of these dates.

Simplified
sales program

Simplified sales program

This program can help you meet your clients' disability insurance needs faster and easier than ever before. Your job is less complicated because of the streamlined underwriting—**no blood, urine, financial documentation or attending physician statements (APSS) required.**^{1,2}

 **Notes:** Lab and physical measurement requirements are determined by amount applied for with all companies within 180 days of the application date. A Part B phone or online interview is required.

Key highlights

- Available for all Individual Disability Insurance (IDI) products.^{2,3}
- Provides meaningful benefits—quickly and without hassle.
- All riders are available, including our competitive Benefit Update rider.
- No income verification required if applying for coverage that's within the Simplified limits³ (for Simplified DI and Simplified multi-life⁴).
- Business owners can purchase full Simplified benefits for DI and OE—no combined limits apply.

¹ Unless a significant medical condition is reported by MIB, significant medical information is obtained from the Part B or other available information, or any other disability coverage has been issued or applied for on a non-medical basis. Applications could be rated, ridered or declined based on all underwriting information available; this is not a guaranteed issue program. Subject to Issue & Participation limits and minimum premium requirement. Overhead Expense and Disability Buy-Out supplement must also be completed and received.

² Financial documentation is required when applying for more than the Simplified amounts—this applies for new applications and adjustments. And will be required for the following occupations (regardless of the amount being applied for): real estate agent/broker, mortgage loan originator/broker, residential construction, real estate developer. For real estate agents/brokers, two years of financials will be required. In California, there are no labs required for simplified single-life cases up to \$6,000/month, but an APS and financial documentation are required.

³ In California financial documentation is required for all single-life cases. And for simplified DI multi-life, when all three applications are not submitted together, we require APSs and financials on the first two applications, but not for any additional applications on that case. See page 8-4 for more details.

Affiliation sales program

Affiliation sales program

The Affiliation sales program allows you to offer quality individual Disability Income (DI) insurance with a 10% discount to select target markets; in approved states. For a list of state approvals, visit principal.com/distateapprovals.

Target market

- **1099 contractors** from the same business entity/firm.¹ May be from different occupations. For example:
 - IT professionals
 - Accountants
 - Business consultants
- **Franchise owners and a key employee** under the same nationally or regionally recognized franchisor who are actively working in the business.^{1,2} For example:
 - Accounting and tax centers
 - Restaurants/fast food
 - Fitness facilities
- **Spouses of employees** who are part of a multi-life individual Disability Income (DI) insurance case from Principal.³
- **Families** with at least three income earning adults.⁴

¹ Not available to doctors (M.D., D.O.), physician's assistants, psychiatrists, nurses (RN or LPN), nurse practitioners, CRNAs, nurse anesthetists or other hospital/medical workers. Spouses can work in the medical field, but cannot be 1099 contractors.

² Not available to owners or a key employee of home-based or route sales franchises or investors.

³ Add the multi-life case name to the Producer Report and use reference number 8-9247 (without MNSA rider) or 8-9246 (with the MNSA rider).

⁴ Use reference number 8-9713 (with MNSA rider) or 8-9714 (without MNSA rider) on the Producer Report.

Program guidelines

- Issue ages: 18-60.
- 10% discount.
- Gender-specific rates (Gender-neutral in MT and MA).
- Requires three or more individuals with a common affiliation working with the same producer.
- Stackable discounts: Mental/Nervous & Substance Abuse discount and the 10% Select Occupation discount.
- Available for Disability Income (HH750), including DI Retirement Security, Core Value Income Protection and Simplified DI.

Association sales program

Association Sales Program

The Association sales program allows you to offer quality Individual Disability Insurance products and a 10% discount to qualifying members on Disability Income, DI Retirement Security, Core Value Income Protection, Overhead Expense and Disability Buy-Out insurance.

For state approval information, go to: principal.com/distateapprovals.

Target market

- Associations with 100 or more active members.
- 3A or higher occupation classes are preferred.
- Issue Ages: 18-60 (in most cases).
- Occupations that are homogeneous in nature, for example: CPAs, architects, veterinarians, attorneys or engineers.

Program guidelines

- Association must be a dues-paying local, county, state, professional or trade association that must have been in existence for at least two years and formed for the purpose of promoting the interest of the profession (not for the sole purpose of obtaining insurance for members).
- It must have a constitution or by-laws (regardless of whether incorporated) and have an obtainable membership roster.
- Pre-approval by Principal is required before marketing to the association¹.

¹ Marketing rights are exclusive to the original writing producer, but other producers may write policies under the discount. National associations are typically not considered.

Additional guidelines

- All riders are available based on current underwriting guidelines.
- Select Occupation discount may be available.
- 100+ eligible lives preferred.
- The Mental/Nervous & Substance Abuse (MNSA) rider may be required on Individual Disability Income policies. Includes up to a 10% discount (not available on business products).
- Premium rates: gender-specific (except MT and MA).

Occupational
programs and
underwriting

Occupational programs and underwriting

Occupation is the primary factor in determining the client's policy features and the premium rate. The occupation classes are 6A¹, 6A-M¹, 5A, 5A-M, 4A, 4A-M, 3A, 3A-M, 2A, 2A-M, A, and A-M.

Factors affecting occupation class

Duties	<ul style="list-style-type: none"> • Clients are placed in an occupation class based on their most physically demanding and hazardous duties. • If a proposed insured is employed in a job which includes physical and manual duties, along with administrative responsibility, the occupation class should be based on the physical and manual duties. <p>Examples:</p> <ul style="list-style-type: none"> • The manager of a business machine repair and service company, with managerial and administrative duties only, would be a 3A occupation class. • If that manager spent time repairing and servicing machines, the occupation class would be A.
Education	<ul style="list-style-type: none"> • Typically, the higher the level of education, the higher the occupation class. Formal education is recognized as a favorable factor when considering occupation classification. • Clients with graduate degrees and specialty designations are considered to be generally more motivated than clients that have not invested as much in their chosen occupation or profession. • A higher level of education also enhances the probability of a disabled client being able to return to work as it broadens their employment opportunities.
Environment	<ul style="list-style-type: none"> • Higher occupation classes apply to occupations which are in favorable physical environments. • A contractor with office duties only is a more favorable risk than a contractor working out of a trailer at the job sight, even if neither one ever does any physical or manual labor.

Financial	<ul style="list-style-type: none"> • Stable income levels affect occupation class. • Consistently high income generally indicates long-term job stability and a greater motivation to return to work. • Occupations which are subject to volatile income changes (i.e., real estate) are generally not considered to be as favorable a risk as those with more even and consistent earning patterns.

Select professional issue and participation limits

- Target market:
 - Professionals in their first two years of practice, participating in a residency/internship/fellowship program or a student.
 - Expected to quickly attain the top earnings needed to qualify for higher benefit amounts.
- Limits apply to individual-pay or employer-pay benefit amounts, and are offset by any individual, group² or association coverage in force or applied for. Coverage may only be applied for as all base benefit. We do not offset for state disability insurance (SDI) benefits.

If a select professional is near completion of residency/fellowship and has a signed employment contract confirming employment to start within six months, additional benefits may be available depending on salary and group benefits available from the future employer. A copy of the signed employment agreement must be submitted.

Select professionals are eligible for \$1,000/month in DI Retirement Security benefit.

 **Note:** If the Catastrophic Disability Benefit (CDB) is desired, the proposed insured may apply for CDB and DI coverage using a 1:1 ratio, up to the maximum limit available for that professional.

¹ Some occupation classes may not be available for all products. Refer to the product section for available occupation classes.

² Group coverage will not be taken into consideration for doctors, dentists, optometrists, podiatrists, doctors of pharmacy or veterinarian residents or interns; or for medical, dental, law, optometry, doctor of pharmacy or veterinary students; or for doctors or dentists during their first 180 days in practice.

Since income verification is not necessary to be considered for coverage under the select professional limits, tax returns are not required.

The formula for obtaining the BU rider for all select professionals will be:

- 75% of the select professional limit; or
- 75% of the maximum benefit amount based on earned income and other in-force coverage.

Select professionals do not need to submit income verification to qualify for the BU rider.

Select professional Overhead Expense and BLP limits are for professionals in their first two years of practice who have business ownership. The following occupations qualify for up to \$10,000/month of combined Overhead Expense and BLP rider coverage:

- Architect, degreed
- Attorney
- Certified public accountant (CPA)
- Certified registered nurse anesthetist (CRNA)
- Dentist—DDS
- Doctor—M.D., D.O
- Engineer, degreed
- Nurse practitioner
- Optometrist
- Pharmacist
- Ph.D. or Psy.D. psychologist
- Physician assistant
- Podiatrist
- Veterinarian

Tax returns are not required. A fully completed Overhead Expense Statement is required, and if applying for the BLP rider loan documentation is required.

Government employees — local, state & federal

- Occupation classes: 3A and above.
- Issue ages: 18-55.
- Elimination periods: 90, 180 or 365 day.
- Minimum annual income: \$30,000.
- Maximum issue and participation limits (group supplemental limits available):
 - 6A¹, 6A-M¹, 5A, 5A-M, 4A, 4A-M, 3A and 3A-M occupations — normal issue and participation limits.
- Riders and benefits not available: Social insurance substitute benefit.
- Assume civil service FERS (federal employee retirement system) disability coverage on federal employees of 40% of salary.
- Assume group long-term disability coverage which pays 60% of salary (local and state employees).

¹ The 6A occupation class is for Individual Disability Income insurance, including DI Retirement Security, in approved states. For a complete list of state approvals visit principal.com/distateapprovals.

Select occupation

Certain occupations have been designated as select occupations. This is based on overall favorable claims experience in the disability insurance industry. In addition, they are given a 10% premium discount known as the Select Occupation discount.

Select Occupation discount will be applied as noted in the Occupation Class schedule.

Note: In Ohio, Select Occupation discount is not available to 6A, 5A-M, or 3A-M occupations. Instead, use Association discount if applicant is a member of a professional organization. Only applies to DI, including DI Retirement Security and if not a multi-life case.

For OE, DBO, and KPR, Select Occupation may only be used where 6A occupations are not available.

The Business Owner Program

This program is designed for business owners when their contributions and those of their employees generate the business revenue and are essential to the business's success. It is designed for individuals who own at least 50% of the business, have had ownership of the business for 5 years, have less than 50% in manual duties and have at least one employee¹. Part B phone or online is required. This program excludes medical professionals and sole income generators (e.g., financial planners, insurance and sales representatives) with one or no employees.

Earning over \$150,000 last 2 years with at least 50 employees ¹	6A
Earning over \$100,000 last 2 years with at least 10 employees ¹	5A
Earning over \$60,000 last 2 years with at least 5 employees ¹	4A
Earning over \$60,000 last 2 years with at least 1-4 employees ¹	3A

 **Note:** Business owners who have been in business for 5 years and earn over \$60,000 the last two years, but have more than 50% manual duties can be upgraded one occupation class from what is listed in the occupation class schedule (section 13).

¹ Employees must work at least 24 hours per week.

A large, solid orange circle is positioned on the right side of the page, partially overlapping the white background. Inside the circle, the text "Occupational class schedule" is written in white, sans-serif font, centered vertically and horizontally.

Occupational class schedule

Occupational class schedule

This section will help you determine accurate occupational classifications for your applicants. Occupational classes are assigned based on the requirements of the job and the risks that job poses to the applicant's health.

The key to easy reference in this schedule is to first look for the specific title of the client's occupation. If the job title is not listed, refer to the industry in which the client's job belongs.

Job title should not be the sole basis for selection of occupation class. In some instances, titles can be very misleading. Titles such as optometrist or CPA, for example, give the correct class automatically. Titles like owner, supervisor, president and manager are less helpful, since duties could range from 100% administrative to 100% manual labor. It is appropriate for clients to be classified by job title if the title is representative of their actual duties. If job title does not truly reflect job duties, the occupation class should be based on the day-to-day duties, financial stability, environment, education, training and experience of the client. In Michigan, for any occupation listed as a "no," please contact your underwriter for issue consideration.

If you are unable to find or unsure how to classify an occupation, call your underwriter.

General underwriting

The following guidelines apply to the entire IDI portfolio: Core Value Income Protection, Disability Income (DI), DI Retirement Security (DIRS), Overhead Expense (OE), Business Loan Protection (BLP) rider, Disability Buy-Out (DBO) and key person Replacement (KPR).

Conditional receipt

Amount of coverage provided by the conditional receipt is limited to the maximums specified in the conditional receipt under limitations, based on the type of coverage applied for.

Policy adjustments

- All policies, except DIRS, are adjustable through age 64 based on the current underwriting requirements and guidelines, including contract and rider availability, in effect at the time the adjustment is requested.
- An adjustment application is required to adjust a policy. Other underwriting requirements may also be requested by the underwriter.
- Adjustments resulting in an increase in liability require evidence of insurability and are underwritten based on the underwriting guidelines, including product and rider availability, in effect at the time of the requested adjustment.
- Based on current underwriting guidelines, some adjustments may result in a second policy.
- An increase to policy benefits under a future increase rider is an adjustment. The premiums for adjustments are based on the insured's attained age, current state of residence and the rates in effect at the time of the adjustment.
- An occupation class, the client must have had a change in their occupation, such as going from a registered nurse to a physician assistant. This change is considered an underwritten adjustment and an adjustment application is required.

Tobacco/non-tobacco guidelines

Clients are classified as a tobacco user according to the following guidelines:

- Cigarette, vaping, or electronic cigarette use within the past 12 months.
- Use of a nicotine patch, prescription drugs, gum, inhaler or other nicotine cessation product within the past 12 months.
- Use of chewing tobacco, cigars, or pipes within the past 12 months.

Non-tobacco rates will apply if the client uses 12 or fewer cigars in the prior 12 months, has a negative urine specimen for nicotine and admits to use on the application.

Tobacco to non-tobacco, the client must not have used tobacco-related products (smoke, chew, cigar, pipe, vaping), any form of smoking cessation products or e-cigarettes within 12 months of the adjustment application date, and not had a change in health, such as a heart attack, which was related to their tobacco history. A current urine specimen will be needed.

Insured activity considerations

Aviation

- Commercial airline and company pilots and crew are not eligible for disability insurance. Strict medical standards set by the federal aviation administration prevent pilots and crew members from working due to medical conditions which would not be considered disabling in most other occupations (i.e., inner ear disorder).
- Clients who are engaged in full-time occupations, but fly as a pilot or crew member for business and/or pleasure, usually are considered standard, without an aviation exclusion. If medical factors or type of flying make the risk uncertain, coverage may be considered with an aviation exclusion. When the Part B phone or online process is not used, the aviation statement must be completed.

Avocations

- Non-hazardous recreational activities are acceptable risks for disability insurance.
- Some recreational activities (i.e., scuba diving, sky diving, auto racing) present additional risk and may require an exclusion rider. Similar activities that are an inherent part of a client’s work, or are completed for pay, are typically uninsurable risks for disability insurance. When the Part B phone or online process is not used, the sports statement must be completed.

Criminal/illegal offenses

- Clients currently on parole or probation are not eligible for disability insurance.
- If a client has been arrested without legal resolution, coverage will not be available until the outcome of the legal action has been determined. Upon completion of parole or probation, we will require complete details of the illegal or criminal history before considering offering coverage.

Driving

- Injuries sustained in motor vehicle accidents account for a major portion of disability claims. Accident rates increase in relation to the number of driving violations.
- Age, medical history/impairments, medications, alcohol or drug abuse, participation in aviation/ avocations and occupation are factors taken into consideration when determining if a client with a poor driving record is eligible for disability insurance.
- Any person convicted of driving under the influence of alcohol or drugs within one year of the date of the application is not eligible for disability insurance.
- Other driving offenses may result in a variety of underwriting decisions, including an extra premium, extended elimination period, reduced benefit period and/or the denial of optional benefit riders.

Financial considerations

Bankruptcy guidelines:

Years from date of discharge or dismissal whichever is later and the decision¹:

0-2	3-5	Over 5 years
Offer for coverage will not be made.	<ul style="list-style-type: none"> • Individual consideration with possible monthly benefit up to \$10,000/month. • If unfavorable factors are present, the benefit period may be limited to 5 years. 	No adverse action needed

¹ If bankruptcy is filed but not discharged or dismissed, no offer for coverage will be made.

The following information or documentation will be required at the time of application:

- The type, chapter and circumstances of bankruptcy.
- 2 years personal tax returns on all cases.
- 2 years business tax returns, if an owner of a C corporation.
- Documentation of bankruptcy discharge or dismissal.
- An offer for coverage will not be made if the proposed insured has a history of more than one bankruptcy filed or any evidence of fraud.

Favorable factors:

- Medically standard
- Stable job and income history
- Employee of a business
- Honest debtor (partner caused bankruptcy)
- Bankruptcy discharged

Unfavorable factors:

- Adverse health history (especially history of mental/nervous disorder)
- Unstable job and income history
- Business owner (especially one showing negative income)
- Working from home

Occupational considerations**Employment**

- Full-Time: Clients must be working at least 30 hours per week in one job to be eligible for coverage. If there is a “second job,” it may affect the occupation class and coverage available.
- Part-Time: Clients working 20-29 hours/week may be available for DI and DIRS coverage. See page 1-7 for guidelines.
- Underwriting will consider the entire range of occupational activity. Specific action depends on the facts. Full details should be provided with the application.

Home-based workers

- Individuals whose occupations do not require them to leave their residence for a substantial percentage of their working time are eligible for a DI, Core Value Income Protection and DIRS policy.
- Due to the potential problems inherent in separating residence and business expenses for administration of a claim, Overhead Expense insurance coverage is not available.

The following considerations may apply:

- Individuals who are W-2 income, employed by an outside firm, will generally have no restrictions on coverage.
- Self-employed business owner or contractor working:
 - Recently self-employed, working from home, use 75% of prior W2 wages. Capped at \$10,000 per month.
 - Minimum elimination period: 90 days
 - After 2 years of being established in business working from home, no restrictions.

Favorable factors that may allow consideration outside of these guidelines include if the client has a signed contract that can be reviewed or a tax return showing his/her business income for part of the year.

Unfavorable factors include near retirement age, past bankruptcies, frequent job changes, and known involuntary loss of employment.

 **Note:** Individuals whose office has a separate entrance accessible to the public, or whose office is in a separate building on the property, would not be subject to the above limitations.

International considerations**Foreign nationals**

- Foreign nationals, who are permanent residents of the United States (also known as green card holders) and have lived in the U.S. for at least one year, are eligible for the same unrestricted coverage as a U.S. citizen.
- Foreign nationals who currently hold a H1B, L1, J1, O1 or TN temporary visa will be considered for disability coverage. Consideration for foreign nationals who currently hold these types of temporary visas will be reviewed on a case-by-case basis and will require completion of a non-U.S. citizen questionnaire.

Continued on the next page.

Foreign travel

Clients traveling outside of the United States for pleasure or business for:

- Less than three months—usually considered standard.
- More than three months of the year—usually a Foreign Travel Exclusion¹ rider is added to the policy.

¹ In most states, The Foreign Travel Exclusion rider states that benefits are not payable for an injury occurring or sickness beginning while the insured is in the excluded location, and for any period he/she is in the excluded location. Not available in FL and VT.

Additional details

- Clients traveling outside of the United States more than six months out of the year are usually not eligible for coverage, but may be considered on a case-by-case basis depending on the country visited.
- Consideration is not given to any client who plans to travel to an area where a state of war or armed conflict exists, or to an area that is remote or unsettled.
- Other clients living and working abroad will be given individual consideration.

Traveling abroad may be a poor disability insurance risk factor for the following reasons:

- Lower-quality medical care in the foreign country.
- Standard of living in the foreign country.
- Difficulty in administering a claim.

Multiple policy owners

- Principal will not issue policies with multiple owners due to the complications that can result.
- Ownership rights can be sacrificed if all owners are not available to sign any policy transaction that requires the owner's signature.

Impaired risks

Policies are issued to select impaired risks on a(n):

- **Extra premium basis.** Usually provide the same coverage as standard policies (except for Benefit Update, Future Benefit Increase and Automatic Increase Option). Moderate to high extra premium classes, however, may be approved with a shortened benefit period, a lengthened elimination period and/or denial of optional benefit riders.

- **Exclusion basis.** States no coverage is provided for a disability resulting from a specified impairment or condition. The use of an exclusion rider provides coverage to a client who would otherwise be declined because of an existing impairment or medical history. Policies written on the exclusion rider basis usually are issued at standard premium rates. Sometimes both an exclusion rider and extra premium may be required to fully offset the high risk presented by certain medical conditions.
- **Modified coverage basis.** Policies are usually issued at standard premium rates, but provide coverage for a specified impairment or condition with a limited benefit period and/or extended elimination period. Sometimes both a Modified Coverage rider and extra premium may be required to fully offset the high risk presented by certain medical conditions.

Modified policy reconsideration

- Modified basis = exclusion rider, Modified Coverage rider, extra premium, reduced benefit period, longer elimination period, etc.
- At the time the policy is issued, the underwriter indicates whether or not the modification can be reconsidered and if so, when it can be reconsidered and if so, when it can be reconsidered.
- After a reasonable period of time, we may be able to remove or reduce the modification.
- This does not mean the modification will automatically drop off the policy at the end of the reconsideration period.
- The reconsideration action is solely dependent on the insurability status of the client at the time of reconsideration, including any medical condition which may have developed since the issue date of the policy. Examples of reconsideration periods include:
 - The first policy anniversary (one year)
 - The second policy anniversary (two years)
- Modification appears permanent (the nature of the medical history is such that the modification might never be removed)
- A fully completed adjustment application is required to begin the reconsideration process. Other underwriting requirements also may be requested by the underwriter.

Life and disability insurance underwriting differences

- Don't try to compare life and disability underwriting decisions.
- Each product is very different and has its own set of risks.
- The fact a client has qualified for life insurance or has a life insurance policy does not imply a satisfactory risk for disability insurance.
- Do not advise a client regarding insurability for disability insurance based on life insurance underwriting action.
- The following risk factors are important in the underwriting disability insurance, but of less concern in the majority of life insurance cases:
 - Income—An in-depth evaluation of income is necessary on every application; not typically a priority for life insurance—unless it's a large face amount.
 - Occupation—Classifying the client in the correct occupation class is critical in determining the proper premium rate; occupations have little impact on life insurance.
 - Medical Impairments—Potentially disabling medical impairments, which may be of little concern for life insurance, require a thorough evaluation for disability insurance (i.e. back pain, psychological history). These are in addition to impairments which can be significant to the underwriting of life insurance (i.e., cancer, diabetes, heart attack).

Reinstatements

- Any disability insurance policy that has lapsed may be reinstated within one year of the date of lapse.
- A reinstatement application is required to reinstate a policy. Other underwriting requirements also may be requested by the underwriter.
- All reinstatements are underwritten based on the then current underwriting requirements, guidelines, products and riders in effect at the time the reinstatement is requested.
- For policies lapsed longer than one year, the client must apply for new coverage using a new business application.

Responsibility of producer

The producer plays an important role in the selection of risks for Principal; therefore, great care should be exercised in selecting disability insurance business.

A producer must:

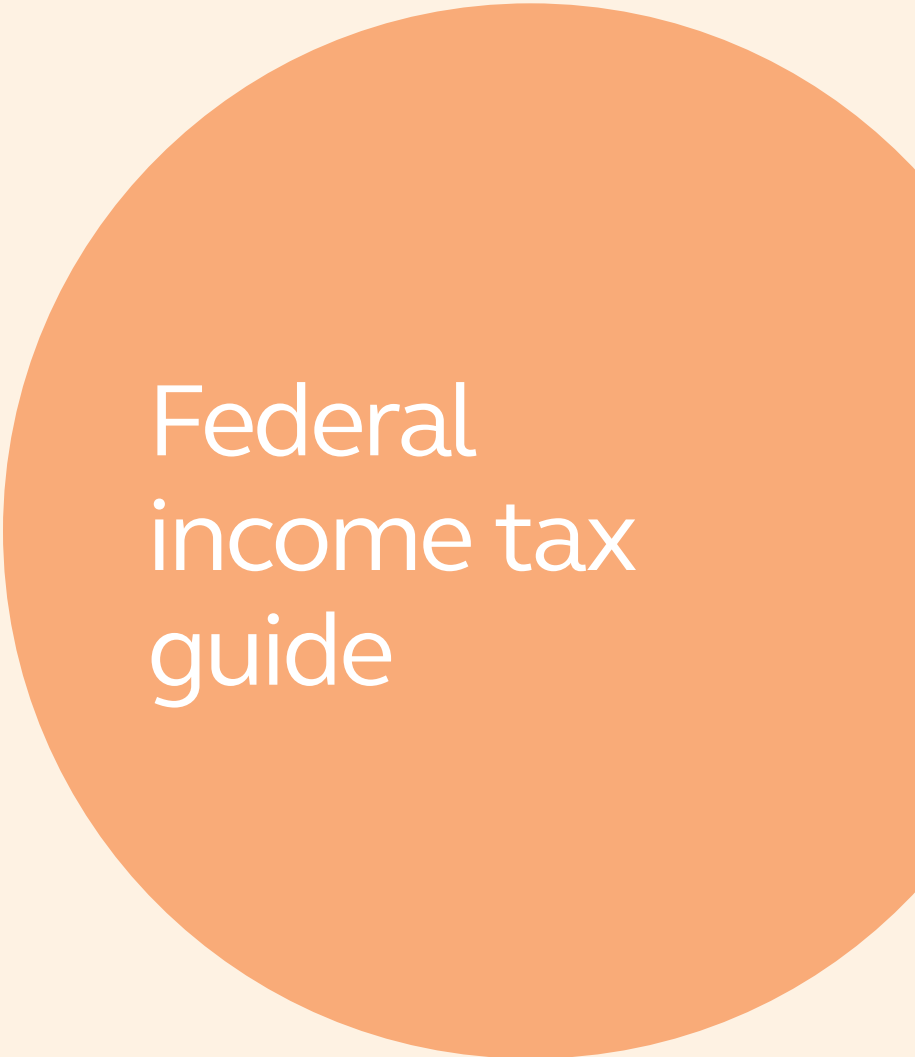

- Be as familiar as possible with the company's underwriting requirements and avoid soliciting applications from persons who obviously do not satisfy those requirements.
- Guard against overinsurance, which may lead to an increased incidence or duration of claims.
- Use extreme care in completing the application. It is a legal document and will be attached to and become part of the contract of insurance. All questions on the application must be answered completely and legibly in the presence of the proposed insured.

Submitting business:

- When an application is completed, the proposed insured and owner, if other than the proposed insured, must review all questions and answers as recorded, before signing.
- Any additions or deletions must be initialized by the proposed insured and owner, if other than the proposed insured.
- "White out" should not be used to correct mistakes on the application.
- Under no circumstances should a blank application be signed or should applications be taken by phone or mail.

Seasonal employment

Unstable or short-term seasonal occupations are not eligible for disability insurance. Occupations such as snow plowers and lifeguards do not provide long-term job stability or strong potential for a consistent earned income. Many seasonal jobs at parks and resorts are dependent on the weather, which creates even greater job instability.

Federal
income tax
guide

Federal Income Tax Guide

The type of disability plan chosen greatly affects the amount of federal income taxes payable. This section shows the effects of various federal income tax laws on the premiums and benefits of individual disability insurance.

This federal income tax guide is intended to provide general information about the subject matter covered and is provided with the understanding that **Principal is not rendering legal, accounting, or tax advice. Your clients should consult with appropriate counsel or other advisors on all matters pertaining to legal, tax, or accounting obligations and requirements.**

Personal insurance

Most individual Disability Income insurance policies are set up with the insured as the owner, premium payor and receiver of the benefits. Under these circumstances, premiums are not deductible, and benefits are received income tax-free.

Business insurance

There are several business uses for disability insurance: salary continuation, reimbursement of overhead expenses, funding of disability buy-sell agreements and replacement of a key employee lost due to a disability. The federal income tax effects on all of these uses are shown in the tax guide table starting on the next page.

Under a traditional employer-pay-all “salary continuation plan,” benefits are taxable to the insured. To offset this taxation, higher issue limits are available. Under a “bonus plan” where premiums are included in the taxable income of the insured, benefits are received income tax-free. Whether to use a salary continuation plan or an executive bonus program is a matter for the insured and their legal and/or tax advisors. Insureds who have an ownership interest in a sole proprietorship, partnership, S corporation or limited liability company may not participate in a salary continuation plan provided by that business.

Special requirements must be met to minimize federal income taxes on salary continuation plans. Court decisions make it clear that a “formal plan” must exist for favorable income tax treatment.

Where no formal plan exists

Tax effect on premiums:

- Premiums may be reported as taxable income to the employee.
- The value of the coverage for a stockholder-employee may be taxed as informal dividends.

Tax effect on benefits:

- The employee may not qualify for a tax credit.
- Benefits could be subject to social security tax on both the employer and employee after the first six months of disability.
- Benefits paid directly by the employer may be considered additional compensation to the employee which is deductible by the employer as a business expense, but is taxable to the employee.
- Benefits paid to stockholder-employees may be taxed as informal dividends to the employee, but they are not deductible by the employer.

A formal plan must be:

- In effect prior to a disability.
- Detailed and known to the employee. Court rulings imply that a “plan” must be in writing.
- For the benefit of the employee. However, different plans may be offered to different levels of employees. Stockholders can be protected if they are identified as a separate class of employees. That class must, however, serve a function other than solely being a stockholder.
- Reasonable in amount of benefit considering the employee’s salary and other compensation.

Tax effects when plan is in place

- The employer may deduct premiums paid from company funds under a formal plan. These premiums are considered ordinary and necessary business expenses.
- Employer-paid premiums are not included in the employee's income.
- Disability benefits are taxable to the employee, but not subject to social security taxes after the first six months of disability.

Tax credit

Effective January 1, 1984, employees retired on disability who are under age 65 may be eligible for a tax credit. The tax credit is based on a formula that considers age, adjusted gross income, benefits not subject to tax and federal tax filing status.

In essence, if the disabled employee's reportable income from all sources exceeds certain amounts, some or all of the credit will be lost. Benefit amounts received from social security which are not taxed would also reduce the possible tax credit. In order to qualify for the tax credit, there are limits on both the adjusted gross income and non-taxable social security and pension income that apply. Employees retired on disability should consult with appropriate tax advisors.

Medical underwriting

DI/OE/BLP routine requirements

The proposed insured’s state of residence, age, benefit amount, and application type (Part B phone, online, or producer-completed) determine the medical requirements.

A paramedical exam, physical measurements, home office blood profile (HOBP), urine-HIV test and/or home office urine specimen are required for Disability Income (DI) and Overhead Expense (OE) if the monthly benefit exceeds the limits stated in the following tables. Use an authorized paramedical company. For all medical exams and studies, the monthly benefit includes the total DI (disability benefit and SIS), OE (including any Business Loan Protection [BLP] rider benefit) coverage issued and applied for with all companies within six months of the application date and all in-force coverage with Principal issued on a non-medical basis within the last five years. This includes our simplified sales program.

Note: The following benefit amounts do not impact the monthly benefit amount when determining routine medical underwriting requirements.

- Catastrophic Disability Benefit (CDB)
- DI Retirement Security (DIRS)—if written as a stand-alone policy (No other coverage applied for or in-force with Principal)

All states (excluding CA & NY) – Medical requirements for DI with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51-64
Up to \$6,000 - single-life	No routine medical requirements	Blood profile, urinalysis, physical measurements
Up to \$6,000 - multi-life	No routine medical requirements	No routine medical requirements
\$6,001 - to \$10,000 - single & multi-life	No routine medical requirements	Blood profile, urinalysis, physical measurements
\$10,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

No routine medical requirements

Blood profile, urinalysis, physical measurements

CA & NY only – Medical requirements for DI with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51-64
Up to \$6,000 - single-life	No routine medical requirements	Blood profile, urinalysis, physical measurements
Up to \$6,000 - multi-life	No routine medical requirements	No routine medical requirements
\$6,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

Note: In California, an APS and income documentation are required for single-life cases and for the first two lives of a multi-life case (when not submitting three application(s) for the same case together or when requested by the underwriter). Additional requirements may be needed.

Note: Producer-completed Part B requires blood profile, urinalysis, physical measurements for all ages and amounts. Para-med exam required over \$7,500 ages 18-50 and over \$6,000 ages 51+.

All states (excluding CA & NY) – Medical requirements for OE and BLP rider with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51+
Up to \$25,000	No routine medical requirements	Blood profile, urinalysis, physical measurements
\$25,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

CA & NY only – Medical requirements for OE and BLP rider (in NY) with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51+
Up to \$10,000	No routine medical requirements	Blood profile, urinalysis, physical measurements
\$10,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

No routine medical requirements

Blood profile, urinalysis, physical measurements

Note: Producer-completed Part B requires APS and labs for all ages and amounts, para-med exam over \$7,500 for all ages.

DBO/KPR routine requirements

For Disability Buy-Out (DBO) or key person Replacement (KPR) coverage, a paramedical exam, physical measurements, home office blood profile (HOBP), Urine-HIV test and/or home office urine specimen are required if the maximum aggregate benefit exceeds the limits stated in the table on the next page. This includes coverage issued and applied for with all companies within six months of the application date and all in-force coverage with Principal issued on a non-medical basis within the last five years. This includes our simplified sales program. If the applicant is applying for both Disability Buy-Out and Key Person Replacement, the total of the two maximum aggregate benefit amounts will be used to determine the medical requirements.

The maximum DBO aggregate benefit is determined by:

- Monthly payment method: the maximum aggregate benefit is the monthly benefit amount multiplied by the benefit factor (24, 36 or 60). For example, a \$4,000/month benefit multiplied by 24 times benefit factor equals a maximum aggregate benefit of \$96,000.
- Lump-sum payment method: the maximum aggregate benefit equals the lump-sum payment amount. For example, a \$1,000,000 lump-sum benefit equals a maximum aggregate benefit of \$1,000,000.
- Combination payment method: the maximum aggregate benefit equals the lump-sum amount plus the monthly benefit amount multiplied by the benefit factor (24, 36 or 60). For example, a monthly payment aggregate of \$96,000 plus a lump-sum aggregate of \$1,000,000 equals a maximum aggregate of \$1,096,000.

The maximum KPR aggregate benefit is determined by:

- Lump-sum payment method: the maximum benefit equals the lump-sum payment amount. For example, a \$500,000 lump-sum benefit equals a maximum benefit of \$500,000.
- Combination lump-sum plus monthly payout: the maximum benefit equals the lump-sum amount plus the monthly benefit amount multiplied by the number of months of the payout. For example, on a policy that has a \$10,000 monthly payment amount with a 90-day elimination period and a \$400,000 lump-sum benefit with a 180-day elimination period, the maximum benefit amount would be \$430,000: \$10,000 times three months equals \$30,000 plus \$400,000 lump-sum equals \$430,000.

All states (excluding CA & NY) – Medical requirements for DBO and KPR with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51+
Up to \$100,000	No routine medical requirements	No routine medical requirements
\$100,001 to \$750,000	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements
\$750,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

CA & NY only – Medical requirements for DBO and KPR (in NY) with phone or online completion of Part B

Benefit amount	Ages 18-50	Ages 51+
Up to \$100,000	No routine medical requirements	No routine medical requirements
\$100,001 to \$360,000	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements
\$360,001+	Blood profile, urinalysis, physical measurements	Blood profile, urinalysis, physical measurements

 **Note:** Producer-completed Part B requires APS, labs, and para-med exam over \$200,000 for ages 18-50, over \$50,000 for ages 51+.

Part B phone or online non-medical limits

When using the Part B phone or online process, physical measurements can be used instead of a paramedical exam. When scheduling the Part B phone or online interview, you can request to arrange your client’s medical requirements. Please be aware of all DI coverage applied for with all companies within six months of the application date and all in-force coverage with Principal issued as non-medical within the last five years when scheduling a Part B. Part B phone or online results are acceptable for up to 180 days after completion.

General medical requirements

Paramedical exam, physical measurements, blood profiles and urine specimens are acceptable for up to one year after the date of completion. Your underwriter may request new studies on an individual consideration basis.

State required blood authorization forms should be completed at the time of application and must accompany the application. The correct form is based on the state where the blood is actually drawn.

Routine APS guidelines (With phone or online completion of Part B)

Medical records should be requested from the attending physician based on proposed insured's age and disability benefit (does not include Catastrophic Disability Benefit amount) requested.

Disability Income (DI) and multi-life DI

- Age greater than 50 or amount applied for is greater than \$10,000/month
- In simplified multi-life, for ages 51-64, an APS is required when the amount applied for is greater than \$6,000/month.

Overhead Expense/Business Loan Protection rider

Age greater than 50 or amount applied for greater than \$30,000/month

Disability Buy-Out

Age greater than 50 or amount applied for is greater than \$1,000,000.

Key Person Replacement

Age greater than 50.

Producer-completed Part B requires an APS for all states, ages, and amounts for all products.

 **Note:** In New York, an APS is required on all non-Simplified business.

Medical requirements guidelines for sales programs

We have created these sales programs and underwriting guidelines to help when selling individual Disability Insurance (IDI). Here is an overview of when you should order medical requirements.

No medical requirements needed if your client is applying for:

- Core Value Income Protection (ages 18-60)
- Guaranteed standard issue or standard issue—Offer made is the maximum limit
- Up to \$4,550/month benefit for DI Retirement Security (DIRS) (employee paid)
- Up to \$5,850/month benefit for DIRS (employer paid)

 **Note:** Amounts include coverage issued or applied for with all companies within 180 days of the application date and all inforce coverage with Principal issued on a non-medical (e.g. no labs) basis within the last five years.

A client may own or apply for more than one of these IDI products and sales programs or may have bought one in the past and wants to apply for an additional policy. To determine if the medical requirements are needed, the limits (amount applied for and in-force coverage with us) for each program must be added together. **If this total exceeds the program with the highest limit, medical requirements are required.**

Exam requirements based on height & weight

Use this chart to determine if your client's height and weight require a rating. A weight that is greater than the weights listed under the 100% column will be considered uninsurable. In order for weight loss to be included in the total weight, it must be kept off for 12 months; otherwise, you will need to add half of the weight loss back into the total weight.

Medical underwriting guide

On the following pages is a listing of medical conditions often seen on applications for disability insurance. Keep this guide handy, so you can easily see what requirements are necessary and what the underwriting decision is likely to be. This will help you “pre-sell” your client and prepare him or her for possible adverse action. Eliminating a potentially unpleasant surprise could be the difference between a closed sale and a lost sale! **Remember, this is only a guide. Contact your DI underwriter if you have any questions.**

 **Note:** This medical underwriting guide does not apply to residents of New York. If you desire medical underwriting information on a resident of New York, refer to the New York medical underwriting guide. This guide is available from your DI underwriting team. You may also call or e-mail your DI underwriting team for help on any medical questions relating to residents of New York.
